PATENT AND INVENTION ASSIGNMENT

This Patent and Invention Assignment (this "Assignment") is entered into by and between MONTANA EMERGENT TECHNOLOGIES, INC., a corporation organized and existing under the laws of the State of Montana, with offices at 160 W. Granite St., Butte MT 59701 and BIOSQUEEZE, INC., a corporation organized under the laws of the State of Delaware having offices at 160 W. Granite St., Butte MT 59701 as of the 13th day of September, 2021 (the "Effective Date").

ACCORDINGLY, FOR ONE DOLLAR (\$1.00) and other valuable and sufficient consideration, the receipt of which is hereby acknowledged, MONTANA EMERGENT TECHNOLOGIES, INC., (hereinafter "Assignor") hereby assigns, transfers and sets over, unto

BIOSQUEEZE, INC.

(hereinafter "Assignee") and its successors and assigns, Assignor's entire right, title and interest in and to the improvements and inventions disclosed in patents and patent applications listed in the attached Schedule A, incorporated hereby (collectively, "MET IP"), and all divisions, continuations, continuations-in-parts, continuing prosecution applications, reissues, international PCT applications, national phases and extensions thereof, and to all country, regional, international PCT, and national phase applications that claim priority thereto; and to all Letters Patents, certificates of inventions, utility models, industrial design protections, design patent protections and other governmental grants or issuances that may be granted thereon in all countries; all extensions, renewals, and reissues thereof; and all rights to claim priority on the basis of the MET IP; said improvements, inventions and MET IP to be held and enjoyed by said Assignee for its own use and behoove and for the use and behoove of its successors and assigns, to the full end of the terms for which said Letters Patents or other rights of protection may be granted, as fully and as entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made.

Assignor hereby assigns, transfers and sets over unto Assignee all of Assignor's right, title and interest to all causes of action, whether known or unknown or whether currently pending, filed, or otherwise, and other enforcement rights under, or on account of, any of the MET IP, including, without limitation, all causes of action and other enforcement rights for damages, injunctive relief and any other remedies of any kind, for past, current and future infringement, and all rights to collect royalties and other payments under or on account of the MET IP.

Upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignor agrees to execute and deliver such further instruments of transfer, subject to the limitations of this Assignment, necessary to effect and/or record the assignment of the MET IP within the United States and in jurisdictions outside of the United States.

Assignor warrants and represents that it owns the MET IP and has the right to make the conveyances in accordance with this Assignment and perform the obligations hereunder and that the execution and delivery of this Assignment will not conflict with or result in a breach of or constitute a default under any judgment, order, injunction, decree, regulation or ruling of any court or governmental authority to which Assignor is subject.

Assignor hereby authorizes and requests the United States Patent and Trademark Office, and/or any other applicable government authority or registrar, to record ASSIGNEE as an owner of the MET IP.

IN WITNESS WHEREOF, the undersigned being duly authorized by the Assignor has hereunto set his hand and seal:
