## CONFIRMATORY ASSIGNMENT OF ISSUED PATENT

WHEREAS **Kyocera Industrial Ceramics Corporation**, a Washington corporation, (hereinafter referred to as "Assignor") is the record owner of **United States Letters Patent No. 7,712,402** issued **May 11, 2010** entitled "**ADJUSTABLE SLICER**";

WHEREAS, **Kyocera Corporation**, a Japanese corporation, (hereinafter referred to as "Assignee"), whose business address is **Takeda Tobadono-cho, Fushimi-ku, Kyoto-shi, Kyoto 612-8501 Japan**, acquired the entire right, title and interest in said patent pursuant to a certain Patent and Design Patent Assignment Agreement effective as of April 23, 2014;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor has previously assigned and transferred unto the said Assignee the entire right, title and interest in and to said patent and by these presents does hereby sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assignees, Assignor's entire right, title and interest into and under said patent and all divisionals, renewals, continuations and continuations-in-part thereof, and all reissues and re-examinations thereof, and all applications for letters patent which have previously been or hereafter may be filed in any country or countries foreign to the United States, including the full right to claim for any such application the priority benefits of the International Convention for the production of industrial property and other priority-conferring treaties, and all letters patents which may be granted in any country or countries foreign to the United States and all extensions, divisions, continuations, continuations-in-part, renewals, and reissues and re-examinations thereof; and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications, to issue all letters patents to said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument; the same to be held and enjoyed by the said Assignee for its own use and benefit, and for that of its legal representatives and assigns to the full end of the term for which said patent is granted, as fully and entirely as the same would have been held by Assignor had this assignment and sale not
