ASSIGNMENT

WHEREAS, BASF Agrochemical Products BV, a corporation organized under and pursuant to the laws of the Netherlands and having a place of business at Groningensingel 1, NL-6835 EA Arnhem, NL (hereinafter "Assignor"), is the owner of rights by assignment in US Provisional Applications No. 61/238906, filed September 01, 2009, and No. 61/365298, filed July 16, 2010, and in International Application No PCT/US2010/047571, filed September 01, 2010, and its National Phase US Application No. 13/393780, entitled HERBICIDE-TOLERANT PLANTS; and

WHEREAS, BASF SE, a corporation organized under and pursuant to the laws of Germany and having a place of business at 67056 Ludwigshafen, Germany (hereinafter "Assignee"), is desirous of acquiring the Assignor's right, title and interest in, to and under said Patent Applications and the invention covered thereby;

NOW, THEREFORE, in good and valuable consideration, receipt of which is hereby acknowledged, the said Assignor does hereby assign, transfer and set over to the said Assignee, its right, title and interest for the United States of America and all other countries in and to said applications, in and to any application filed in any foreign country that is based on either of said Provisional Applications and corresponds to said International Application, including the rights in any foreign applications under provisions of the International Convention; and for all original, divisional, continuation, continuation-in-part, substitute or reissue applications and patents applied for or granted therefore in the United States of America and all other countries; and the Assignor hereby authorizes and requests the issuing authority to issue any and all patents on said application or applications to said assignee or its successors and assigns; and the undersigned for itself and its legal representatives, heirs, successors and assigns does hereby agree and covenant without further remuneration, to execute and deliver all divisional, continuation, continuation-in-part, reissue and other applications for Letters Patent and all assignments thereof to said assignee or its successors and assigns, to communicate to said assignee or its representatives all facts known to the undersigned respecting said invention whenever requested, to testify in any interferences or other legal proceedings in which said application or patent may become involved, to sign all lawful papers, make all rightful oaths, and do generally everything necessary to aid assignee, its successors, assigns and nominees to obtain and enforce proper patent protection for said invention in the United States of America and all other countries.
