Assignment

WHEREAS, **Markus Walter Pohlen** (hereinafter referred to as “the Inventor”), has invented:

LUMINESCENT GLAZINGS

for which the Inventor has made United States Utility patent application **Serial No. 17/038,419** filed on **September 30, 2020** and European patent application **Serial No. EP20199841.6** filed on **October 2, 2020**.

WHEREAS, Carlex Glass Luxembourg S.A., having a principal place of business at 1, op der Ahlkerrech – Z.I. Potaschberg, L-6776 Grevenmacher, Grand Duchy of Luxembourg (hereinafter referred to as “Carlex Luxembourg”), is desirous of acquiring all of the Inventor’s right, title, and interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy whereof is hereby acknowledged: The Inventor agrees to, and hereby does, sell, assign, and transfer unto Carlex Luxembourg and its successors in interest:

the full and exclusive right, title, and interest in the United States of America and throughout the world, including the right to claim priority under the laws of the United States, the international convention, and any foreign countries, to the application, to the invention as described in the application and any Letters Patent which may be granted therefor, and all divisionals, continuations, reissues, reexaminations, and extensions thereof, these rights, title and interest to be held and enjoyed by Carlex Luxembourg to the full end of the term for which the Letter Patent(s) are granted and any extensions thereof as fully and entirely as the same would have been held by the Inventor had this assignment and sale not been made, and the right to sue for, and recover for past infringements of, or liabilities for, any of the rights relating to any of the applications or patents resulting therefrom;

The Inventor hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent in the United States and in all foreign countries including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, and as to Letters Patent any reissue, re-examination, or extension thereof, and for litigation regarding, or for the purpose of protecting title and to the said invention, the application for patent, or Letters Patent therefor, and to testify in support thereof, for the benefit of Carlex Luxembourg without further or other compensation than that above set forth;

The Inventor hereby covenants that no assignment, sale, license, agreement or encumbrance has been or will be entered into which would conflict with this Assignment; and

The undersigned hereby grant(s) the law firm of BASS, BERRY & SIMS PLC the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office, European Patent Office or other patent office for recordation of this Assignment.
