## ASSIGNMENT

WHEREAS, Georgia-Pacific Bleached Board LLC, a limited liability company of the State of Delaware having a place of business at 133 Peachtree Street NE, Atlanta, GA 30303 ("Assignor"), owns the Patent(s) listed on the attached Schedule A; and

WHEREAS, GPCP IP Holdings, LLC, a limited liability company of the State of Delaware having a place of business at 133 Peachtree Street, N.E., Atlanta, Georgia 30303 ("Assignee"), desires acquiring or has acquired Assignor's interest in the above-identified invention, the above-identified patent application, and any related patent applications and patents;

WHEREAS, Assignor hereby authorizes Assignee to file any of the above-referenced patent applications in the name of Assignee, and Assignor authorizes and requests the patent office of any country to issue any patent granted from any of the above-referenced patent applications in the name of Assignee; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor by this Assignment does hereby sell, assign, and transfer, or by virtue of employment agreements or other applicable agreements has sold, assigned, and transferred to Assignee, Assignor's entire right, title, and interest in and to the above-identified inventions and all improvements and modifications to the above-identified inventions, the Application, any U.S. or foreign patent applications related to the above-identified inventions, any U.S. or foreign patent applications claiming priority to any of the above-referenced patent applications, including any nonprovisional, divisional, continuation, continuation-in-part, reexamination, reissue, extension, substitution, or renewal of any of the above-referenced patent applications, any right to claim priority arising from or required for any of the above-referenced patent applications under any applicable convention, treaty, statute, or regulation, any other right, privilege, or form of protection related to the above-identified inventions or any of the above-referenced patent applications, and any U.S. or foreign patent granted from any of the above-referenced patent applications, to the full end of the term of the patent, to be held and enjoyed by Assignee as fully and entirely as it would have been held and enjoyed by Assignor, including the right to pursue, collect, and retain damages and any other remedies arising from any past, present, or future infringement of the above-identified patent applications or patents, and any other rights assigned by this Assignment;

AND, Assignor hereby warrants and covenants that Assignor has not and will not execute any assignment or other instrument in conflict with this Assignment;

AND, Assignor hereby covenants and agrees to perform any reasonable act that may be necessary or desirable to aid Assignee, its successors, legal representatives, and assigns, to obtain, maintain, and enforce protection in the U.S. and foreign countries for the above-referenced inventions, patent applications, and patents, including signing lawful papers, executing patent applications, making assignments, rightful oaths, and declarations, and testifying in judicial or administrative proceedings;

AND, Assignor and Assignee agree that this Assignment may be electronically signed, and that the electronic signatures appearing on this Assignment are the same as handwritten signatures for the purposes of validity, enforceability and admissibility.
