## **ASSIGNMENT**

Pursuant to my obligation to **MILWAUKEE ELECTRIC TOOL CORPORATION**  
(hereinafter referred to as "Assignee"), a Delaware corporation having its principal place of  
business at:

13135 West Lisbon Road  
Brookfield, WI 53005

and for other valuable and sufficient consideration, receipt whereof is hereby acknowledged, I:

**James G. Ballard**  
1107 Greenmeadow Drive  
Waukesha, WI 53188

confirm my obligation to and hereby sell, assign and convey, unto Assignee, its successors and  
assigns, my entire right, title and interest -

(1) in and to inventions described in a patent application titled "INTERNAL PRESSURE  
REGULATING MARKER PEN" for which I filed United States Non-Provisional Utility Patent  
Application No. 15/490,171 on April 18, 2017 (hereinafter the "U.S. utility patent application")  
(Attorney Docket No. 066042-5168-US01) and for which I filed International Patent Application  
No. PCT/US2017/028074 on April 18, 2017 (hereinafter the "PCT application") (Attorney Docket  
No. 066042-5168-WO00), both of which claim priority benefit to United States Provisional  
Patent Application No. 62/325,512 filed April 21, 2016 (hereinafter the "U.S. provisional patent  
application") (Attorney Docket No. 066042-5168-US00);

(2) in and to the U.S. utility patent application, the PCT application, and the U.S.  
provisional patent application, in and to all other patent applications (including divisional,  
continuation, continuation-in-part, 35 U.S.C. §111(b) provisional, 35 U.S.C. §111(a), and reissue  
applications) based upon said inventions, and in and to the patent or patents to be granted  
thereon, to the full end of the term or terms for which said patent or patents may be granted;

(3) in and to all patent applications on said invention now or hereafter filed in countries  
foreign to the United States of America, including foreign applications entering the national  
phase of the PCT application, and in and to any and all patents granted on said applications to  
the full end of the terms for which said patents may be granted; and

(4) under the International Convention in respect to the PCT application and the U.S.  
provisional patent application.

I hereby authorize the assignee or attorney of record to insert in the appropriate place in this document the application number of my application after execution of this Assignment.

I agree that any patent applications of any foreign countries which may be filed shall be filed in the name of Assignee with a claim to priority based on the U.S. provisional patent application.

I hereby agree that I will, upon demand of Assignee, its successors or assigns, and without further consideration to me, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, to a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by me.

The Commissioner of Patents and Trademarks of the United States is hereby authorized and requested to issue said patent or patents to Assignee.

Date

4/24/17

James G. Ballard
