UNITED STATES PATENT ASSIGNMENT

WHEREAS, Lucio Proni, an individual having a residence address at 2571 Mayfair Lane, Weston, Florida 33327 (hereinafter "Assignor"), is the exclusive owner of all right, title and interest in and to the United States Patent Application Serial No. 15/585310, filed May 3, 2017 entitled "LOUDSPEAKER WITH A FIELD REPLACEABLE MOVING ASSEMBLY AND METHOD OF ASSEMBLY" (the "Patent Application"); and

WHEREAS, JL Audio, Inc., a Florida corporation, having a principal place of business at 10369 North Commerce Parkway, Miramar, Florida 33025 (hereinafter "Assignee") is desirous of acquiring the entire right, title and interest in, to and under said Patent Application and the inventions described therein and covered thereby (the "Inventions").

NOW, THEREFORE, in consideration of the sum of ten dollars (\$10.00) and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors and assigns, his entire right, title and interest in and to the Patent Application, including all divisionals, continuations, continuations-in-part, re-exams, re-issues and extensions thereof, including all right, title and interest in and to any and all improvements to the Inventions described in and covered by the Patent Application and any and all other inventions or improvements disclosed in the Patent Application; and all right, title and interest in and to any counterparts or legal equivalents thereof in a foreign country, including the right to claim priority under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperative Union, European Patent Convention, Common Market Convention, or any other Convention or Union for each country of said Convention or Union; and all rights of priority resulting from the filing of the Patent Application, the same to be held and enjoyed by Assignee, its successors and assigns, for their

own use and enjoyment, to the end of the term or terms of such patent as may be granted on the Patent Application or on any other application claiming any right of priority to the Patent Application, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; together with and including without limitation any and all claims for damages by reason of past infringement of any such patent, with the right to sue for and collect the same for the sole and exclusive use and enjoyment of Assignee, its successors and assigns.

AND, FURTHER, Assignor hereby authorizes and requests any official whose duty it is to issue patents to issue any and all patents on the Inventions or resulting from the Patent Application, or any divisions, continuations, continuations-in-part, or re-issues thereof to Assignee, as assignee of the entire interest, and hereby covenant that he has full right to convey his entire interest herein assigned, and that he has not executed, and will not execute, any agreements inconsistent herewith.

[This section intentionally left blank]

IN WITNESS WHEREOF, Lucio Proni has caused this instrument to be executed on this 25
day of April, 2017.
