ASSIGNMENT

WHEREAS, **FirstEnergy Ventures Corp. of 76 South Main Street, Akron, Ohio, 44308**, a corporation organized under the laws of the state of Ohio (Assignor), having acquired the entire right, title, and interest in and to the **MATERIAL DISPENSER AND NOTIFICATION SYSTEM** and described in patent application having serial number 15/484,826, filed on April 11, 2017, claiming priority to provisional patent application no. 62/323,640 filed on April 16, 2016, provisional patent application no. 62/323,091 filed on April 15, 2016, provisional patent application no. 62/321,260 filed on April 12, 2016, and provisional patent application no. 62/320,792 filed on April 11, 2016, in The United States of America, and having full right to convey the entire interest both legal and equitable herein assigned; and,

WHEREAS, **FirstEnergy Corp. of 76 South Main Street, Akron, Ohio, 44308**, a corporation organized under the laws of the state of Ohio (Assignee) is desirous of acquiring the entire right, title, and interest in and to said applications and said invention described therein and any and all patents to be obtained therefore, all as hereinafter set forth:

NOW, THEREFORE, in consideration of good and valuable consideration received by the undersigned, the undersigned do hereby sell, assign, transfer, and set over unto said assignee, its successors and assigns, the entire right, title, and interest in and to said invention or inventions, as described in the aforesaid applications, in any form or embodiment thereof, and in and to the aforesaid applications; and in and to any application filed in any foreign country based thereon, including any right to claim priority and the right to file said foreign applications under the provisions of the International Convention; also the entire right, title, and interest in and to any and all patents or reissues or extensions thereof to be obtained in this or any foreign country upon said invention or inventions and any divisional, continuation, continuation-in-part, or substitute applications which may be filed upon said invention or inventions in this or any foreign country; and the undersigned hereby authorize and request the issuing authority to issue any and all patents on said application or applications to said assignee or its successors and assigns.

The undersigned further agrees to execute all non-provisional, utility, design, divisional, continuing, substitute, improvement, extension, reissue, and other patent applications in this or any foreign country relating to said applications or invention and to sign all other lawful papers and to perform all other lawful acts without further consideration, but without expense to the undersigned, which the assignee may deem necessary or desirable to make this Assignment fully effective including by way of example, but not of limitation, the following acts:

- (1) Prompt execution of all lawful oaths, affidavits, and/or supplemental oaths required or deemed advisable by the assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Assignment;
- (2) To co-operate to the best of my and/or our ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, nullification, or infringement proceedings involving the said invention or improvement, applications or patents or any of them.
