CONFIRMATORY ASSIGNMENT

Whereas the Assignor named below assigned all of its rights in the below listed patents to the Assignee named below in an Asset Transfer Agreement dated August 30, 2021, the Assignor named below hereby confirms that it has assigned to the Assignee named below, whose address is as shown below, all of its interest for Canada, the United States and the entire world in the following listed patent applications and/or patents, the inventions described therein, any patent granted from the patent applications, and any patent or patent application claiming domestic or foreign priority from any one or more of the patent applications, including the right to claim priority from the patent applications under any national law or international convention, and including any and all of the Assignor's rights and interests at law or in equity for any and all compensation arising from any claim arising from the assignment of these patent rights:

Canadian Patent No. 2,440,485 granted November 24, 2015
United States Patent No. 8,645,168 granted February 4, 2014
United States Patent No. 7,054,844 granted May 30, 2006.

(Lambert Intellectual Property Law or any other agent duly authorized to represent the assignee before the respective patent offices, is hereby authorised to correct any typographical errors or any omitted information in this assignment including adding the application serial numbers and filing dates.)

Assignor agrees that it will, without further consideration, but at the expense of Assignee, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the inventions and for additions and modifications thereto in any country.

Assignor represents that it enters into this assignment as its own free act, and consents to disclosure of all personal information contained herein to the extent required to prosecute, maintain and enforce the rights assigned.

This assignment is governed by the laws of Alberta, Canada. This assignment may be signed in counterparts.
