ASSIGNMENT

This Assignment made by Sean Yip of Mountain View, California, Assignor, to ZOLL CIRCULATION, INC., a Massachusetts corporation, Assignee, having a place of business at 650 Almanor Avenue, Sunnyvale, California 94085 is effective, *nunc pro tunc*, as of August 10, 2011.

WHEREAS, Assignor has invented a new and useful VIRAL DISTRIBUTION OF BATTERY MANAGEMENT PARAMETERS for which a United States Letters Patent has been executed by him this day; and

WHEREAS, Assignor believes himself to be the original and first inventor of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application, and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor, hereby sells, assigns and transfers any and all applications for patent and patents therefor in any and all countries, including all divisions, reissues, continuations, renewals, substitutions, reexaminations and extensions thereof, together with the right to sue for past infringement of any of the foregoing and all rights of priority resulting from the filing of said United States patents and applications, and authorize and request any official whose duty it is to issue patents, to issue any patent on said improvements or resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of Assignee, Assignor will communicate to said Assignee, or its representatives or nominees, any facts known to Assignor respecting said improvements and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee its successors, assigns and nominees, to obtain and enforce proper patent protection for said inventions in all countries. Assignor covenants with said Assignee, its successors and assigns, that the rights and property hereby covered are free and clear of any encumbrances, and that he has full right to convey the same as herein expressed.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein below.
