PATENT ASSIGNMENT

WHEREAS, I, **Glenn M. Garrison** of **2281 Little Road, Perkiomenville, Pennsylvania**, hereafter the "Assignor", having invented certain new and useful improvements disclosed in an application to the United States Patent and Trademark Office entitled **IMPROVED CIRCUMFERENTIAL SEAL ASSEMBLY WITH ADJUSTABLE SEATING FORCES** filed **October 6, 2021** under application no. **17/495,084**.

AND WHEREAS, **Stein Seal Company** with a place of business at **1500 Industrial Boulevard, Kulpsville, Pennsylvania 19443**, hereafter the "Assignee", wants to and does hereby acquire the entire right, title and interest in and to said improvements, said application, all other applications related thereto, all patents issued for said improvements, and all patents issued under said application and said all other applications.

NOW, THEREFORE, in consideration of one (1) U.S. dollar, and other good and valuable consideration, the receipt of which is hereby acknowledged, I have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over to Assignee the entire right, title, and interest in and to (together with the right to sue and recover for past, present, and future infringement) said improvements, and said application and all provisionals, non-provisionals, national stages, substitutes, continuations, continuations-in-part, divisions, and PCT applications claiming priority thereof, and all United States Letters Patents which may be granted thereon and all extensions, renewals, reexaminations, and reissues thereof, and all priority rights and rights to claim priority under the International Convention for the Protection of Industrial Property and the Patent Cooperation Treaty for every member country thereof, all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed in all foreign countries along with the right to be granted a patent in all countries, and all patents (including all extensions, renewals, reexaminations, and reissues thereof) in all foreign countries where granted; and I hereby authorize and request the United States Commissioner of Patents and Trademarks, and all officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents to Assignee in accordance with the terms of this assignment;

AND I HEREBY covenant that I have full right to convey the entire right, title, and interest herein assigned, and I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to Assignee all facts known to me respecting said improvements, and testify in all legal proceedings, sign all lawful papers, execute all applications and documents, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.

ASSIGNOR

I hereunto set my hand on October 7, 2021.
