have made an invention entitled **SYSTEMS AND METHODS FOR PACKAGING PRODUCTS** hereinafter called the "invention".

Preferred embodiments of said invention are disclosed in a United States patent application filed in the United States Patent and Trademark Office as Serial No. 63/092,241 on October 15, 2020.

The Assignee, Packsize LLC, a Delaware limited liability company, having a principal place of business at 3760 W. Smart Pack Way, Salt Lake City, Utah 84104, desires to secure the entire right, title and interest in said invention.

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to us by the Assignee, the receipt and sufficiency of which we hereby acknowledge, we **HEREBY ASSIGN TO THE ASSIGNEE:**

The entire right, title and interest in said invention and in the above-identified United States patent application and in all applications claiming the benefit thereof or priority thereto and in all divisions, continuations and continuations-in-part of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications which may be filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

All claims for damages and all of the remedies arising out of any infringement of the invention or the above-identified United States patent application which may have accrued prior to the date of this assignment or may accrue, including, but not limited to, the right to sue for and
