Whereas we,

1. William P. Parker of Waitsfield, Vermont US
2. Michael A. Strauss of Raleigh, North Carolina US
3. Ian M. Rousseau of
4. Eric M. Gallo of Duxbury, Vermont US

hereinafter referred to as "applicants," have invented certain new and useful improvements in **"Integrated MicroOptic Imager, Processor, and Display,"** for which United States Provisional Patent Application 61/963,928 was filed on December 17, 2013 and for which PCT Application PCT/US2014/070991 was filed on December 17, 2014;

Whereas **Marsupial Holdings Inc.** of **Waitsfield Vermont** herein referred to as "assignee," whose mailing address is P.O. Box 1508, Waitsfield, Vermont 05673 US is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, in consideration of valuable consideration, the receipt whereof is acknowledged, we, the applicants, hereby assign to the assignee and its successors and assigns, the entire right, title and interest in the US and throughout the world in and to any and all Patents which may be granted in the inventions and improvements which are the subject of the above US and PCT Patent Applications, this assignment including said United States Provisional Patent Application, said PCT application, and any and all United States Non-Provisional patent applications and foreign patent applications, utility models, design registrations and like rights of exclusion and for inventors' certificates applied for or granted that claim priority of said US Provisional Patent Application and/or said PCT application, any and all continuations and divisionals of such patent applications, and any other inventions or improvements included in such patent applications, and we authorize the assignee to apply in all countries in our names or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and for our heirs, legal representatives and assigns, without further compensation, to perform such lawful acts and to sign for such further applications, assignments, declarations, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

Now, therefore, as to the US application, we the applicants, by these presents do hereby authorize and request the US Commissioner of Patents and Trademarks to record this assignment for said US Provisional Patent Application and/or for said PCT Application and for all US Non-provisional Patent Applications claiming priority of said Provisional and/or said PCT Application
