PATENT ASSIGNMENT

WHEREAS Xerox Corporation, a corporation incorporated under the laws of New York ("Assignor") agreed to assign or cause to be assigned to Conduent Business Services, LLC, a limited liability company organized under the laws of Delaware ("Assignee") all of Assignor's right, title and interest in and to the patent rights listed on Attachment 1 hereto (the "Assigned Patents").

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, effective as of December 31, 2016 (the "Effective Date");

1. Assignor hereby grants, conveys and assigns to Assignee all its right, title and interest in and to Assigned Patents.
2. Assignor further grants, conveys and assigns to Assignee all its right, title and interest in and to any and all proceeds, causes of action and rights of recovery for past and future infringement or misappropriation of any of the Assigned Patents.
3. Assignor further grants, conveys and assigns to Assignee all its right, title and interest in and to any and all rights of Assignor to obtain reissues, re-examinations, continuations, continuations-in-part, divisions, extensions or other legal protections arising solely from the Assigned Patents that are or may be secured in any relevant jurisdiction anywhere in the world, including but not limited to the United States, its territories and possessions, as of the Effective Date or hereinafter in effect.
4. The Assigned Patents are conveyed subject to any and all licenses, permissions, consents or other rights that may have been granted by Assignor or its predecessors-in-interest with respect thereto prior to the Effective Date, or by Assignee to Assignor as of the Effective Date.

IN WITNESS WHEREOF, the undersigned has caused this Patent Assignment to be executed by its authorized representative.
