ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, Oxford Nanopore Technologies Inc., having a place of business at One Kendall Square, Building 1400, Suite 14-305, Cambridge, Massachusetts 02139, for itself, its assigns and legal representatives ("Assignor") hereby:

1. Sells, assigns and transfers to **Oxford Nanopore Technologies Limited**, having a place of business at **Edmund Halley Road, Gosling Building, Oxford Science Part, OXFORD, OX4 4DQ, UNITED KINGDOM**, its successors, assigns and legal representatives, all hereinafter referred to as the Assignee, its entire right, title and interest for the United States and all foreign countries, in and to any and all inventions and designs which are disclosed in the International Application filed on **March 11, 2020** under International Application No. **PCT/GB2020/050606**, bearing Attorney Docket No. **O0366.70077WO00**, and entitled **NANOPORE SENSING DEVICE, COMPONENTS AND METHOD OF OPERATION**, and disclosed in the patent application for United States Letters Patent filed in the United States Patent and Trademark Office on **March 11, 2020** under No. **16/816,221**, bearing Attorney Docket No. **O0366.70077US01**, and entitled **IMPROVED NANOPORE SENSING DEVICE, COMPONENTS AND METHOD OF OPERATION**, and in and to the application and all corresponding provisional, non-provisional, divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights which have been or shall be filed in the United States, internationally, and in any foreign country, including but not limited to China, Japan and Korea, on any of the inventions and designs; and in and to all original and reissued patents which have been or shall be issued in the United States or any other jurisdiction on the inventions and designs, including the right to apply for patent rights in each foreign country and all rights to priority, including the right to claim priority for China, Japan and Korea; as well as the right to sue in its own name and recover damages for past infringement of any United States Letters Patent and foreign patent, including a reasonable royalty relating to provisional rights under 35 U.S.C. § 154(d) that have attached to any published United States patent application, on the inventions and designs;
2. Agrees that the Assignee may apply for and receive Letters Patent and utility model and industrial design registrations for the inventions and designs in its own name; and when requested, without charge to but at the expense of the Assignee, agrees to carry out in good faith the intent and purpose of this Assignment, by executing all non-provisional, divisional, continuing, substitute, renewal, reissue, and all other patent, utility model and industrial design applications on any and all the inventions and designs, by executing all rightful oaths, assignments, powers of attorney and other papers, by communicating to the Assignee all facts known to it relating to the inventions and designs and the history thereof, and generally by doing everything reasonably possible which the Assignee shall consider desirable for aiding in securing and maintaining proper protection for the inventions and designs and for vesting title to the inventions and designs and all applications for patents and all patents on the inventions and designs, in the Assignee;
3. Requests the Director of the United States Patent and Trademark Office and foreign patent authorities to issue the Letters Patent or other intellectual property rights, including foreign patents, to the Assignee;

Attorney Docket No. **O0366.70077WO00** and **O0366.70077US01**

4. Authorizes and requests Wolf, Greenfield & Sacks, P.C. to supply any missing application identification information or correct any errors in the application identification information provided above, whether discovered prior to or after recordation;
5. Covenants with the Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by it and that full right to convey the same as herein expressed is possessed by it; and
6. Appoints Assignee, through its designee, its attorney-in-fact to execute, in its name and on its behalf, any and all documents required to effectuate this Assignment, specifically including, but not limited to, those documents specified above and any necessary corrective assignments.

This instrument is executed under seal and signed under the pains and penalties of perjury under the laws of the United States of America.
