CONFIRMATORY DEED OF ASSIGNMENT

THIS DEED is made on the date of the last signature.

BETWEEN: Xueqiang Li, Ke Ding, Xiaohai Pan, Shuang Jiang, Zhengchao Tu, (the "Inventors");

AND Guangzhou Institute of Biomedicine and Health, whose registered office is at Chinese Academy of Sciences, No. 120 Guangyuan Avenue, Guangzhou, Guangdong 510530, China (the "Assignee").

BACKGROUND

The Inventors contributed to one or more inventions (the "Invention") in the patent applications:

- a. "FGFR Kinase Inhibitors and Pharmaceutical Uses" filed on 3 March 2017 and assigned New Zealand Patent Application No. 729651, and
- b. "FGFR Kinase Inhibitors and Pharmaceutical Uses" filed on 2 March 2018 assigned PCT Application No. PCT/NZ2018/050022 (together the "Patent Applications").

The Inventors acknowledge that the Invention was conceived and developed during the ordinary course of employment with the Assignee.

The parties intend that the Assignee holds the entire worldwide rights to the invention described in the Patent Applications, including any rights to apply for corresponding Intellectual Property rights in any country or region worldwide.

DEFINITIONS

1. **Intellectual Property** means statutory and other proprietary rights in respect of copyright and neighbouring rights; all rights in relation to inventions, patents, plant varieties, registered and unregistered trade marks, registered and unregistered designs, circuit layouts and confidential information; and all other rights with respect to Intellectual Property.

CONFIRMATION OF ASSIGNMENT

2. The Inventors hereby confirm that for good and valuable consideration, the receipt of which is acknowledged, they have assigned to the Assignee:
 - (a) the entire right, title and interest in and to the Invention described in the Patent Applications including the benefit of all priority rights, the right to file further applications based on the Patent Application, the right to sue for relief, damages or remedies in respect of infringement of the assigned rights.
3. To the extent that the confirmatory assignment referred to in clause 2 is or is held to be ineffective, invalid or unenforceable, and for the avoidance of doubt generally, the Inventors hereby assign to the Assignee for good and valuable consideration, the receipt of which is acknowledged by the Inventors, all rights and benefits referred to in clause 2 in respect of the Invention and Patent Applications.
4. The Inventors agree to do all acts and execute all documents, at the request and expense of the Assignee, necessary or desirable for further assuring the right, title and interest of the Assignee to the Invention Rights and Patent Application and in the case of default each Inventor hereby appoints the Assignee as the Inventor's attorney for such purpose; and not to do anything which may directly or indirectly prejudice or invalidate the Patent Application or the assignment of the rights referred to in clauses 2 and 3 to the Assignee.
