ASSIGNMENT

We the undersigned,

Jan Johannes Meerdink, Maasdijk 26A, 5371 PE Ravenstein, Netherlands
 Franciscus Theodorus Henricus Johannes van der Steen, Elzenstraat 45, 5366 CA Megen, Netherlands
 Adriaan Ebergen, Citadelstraat 23, 5397 GJ Lith, Netherlands
 Ronald Kranenbarg, Roggeakker 48, 5236 VE 'S-Hertogenbosch, Netherlands

(hereinafter referred to as the Assignors)

confirm by the present document that we have assigned, and do hereby assign, all our rights and title to as well as our interest in the invention entitled: "Overhang rail transport system" for which International (PCT) patent application No. PCT/EP2020/062201 was filed on 1 May 2020, to

Marel Meat B.V., Handelstraat 3, 5831 AV Boxmeer, Netherlands
 (Business registration no.: NL001796823B01)

(hereinafter referred to as the Assignee)

The present Assignment covers all countries of the world and the Assignee is hereby entitled to file applications in any country and to abstain from seeking patent protection in any and all countries at its discretion.

We further grant the Assignee right to communicate our names and mailing addresses to patent authorities and patent counsel acting on behalf of the Assignee in order to comply with an inventor's right to be mentioned on published intellectual property right applications and registrations. We at the same time agree that our names and mailing addresses may be made available to the public on published intellectual property right applications and registrations and in official intellectual property right registers.

The present Assignment also includes our right to claim priority from the above-identified patent application under the Paris Convention or any other multilateral or bilateral treaty.

The Assignors hereby agree to execute any additional assignments and/or other documents required in connection with the prosecution of the patent applications as well as to perform any additional acts necessary to enable the Assignee or its successors, legal representatives and assigns to enjoy the full rights of the present Assignment, including applying for a patent for the invention in the USA and assigning the US patent application and any patent(s) issuing thereon to the Assignee or its successors and assigns and legal representatives.
