ASSIGNMENT

WHEREAS, we, MAHLON D. DENNIS, a citizen of the United States of America, residing at Kingwood, Texas, THOMAS M. DENNIS, a citizen of the United States of America, residing at Kingwood, Texas, and RICHARD W. LEWIS, a citizen of the United States of America, residing at Tomball, Texas, have executed an application for patent entitled "Carbide Wear Surface and Method of Manufacture" filed concurrently herewith.

WHEREAS Dennis Tool Company (hereinafter referred to as ASSIGNEE), a Texas corporation, having a place of business at 2020 Rankin Road, Houston, Texas 77053, is desirous of acquiring the same;

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by us, we have assigned, sold, transferred and set over and by these presents do assign, sell, transfer and set over unto said ASSIGNEE the entire right, title and interest in and to (a) all inventions described in the said application and worldwide rights therein; (b) said application, including all divisions, continuations and substitutions thereof; and (c) all United States and foreign patents which issue on said application, including all reissues, renewals and extensions thereof, for the United States, its territories and possessions and all foreign countries; and (d) the right to file corresponding applications for patents on said inventions in any and all foreign countries, and to claim priority under any and all treaties and conventions to which the United States of America is signatory, including the Paris Convention for the Protection of Industrial Property, for such corresponding applications, or any division, continuation or substitution thereof; the same to be held and enjoyed by said ASSIGNEE, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by us, had this assignment not been made.

We jointly covenant and agree that we will, at any time upon the request and at the expense of said ASSIGNEE, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of said ASSIGNEE, to enable and assist said ASSIGNEE to (a) obtain patents, both domestic and foreign, on said inventions; (b) establish, maintain and secure title in said ASSIGNEE, its successors and assigns, to said inventions, applications and patents, including making such title of lawful public record; and (c) defend, establish or otherwise preserve the validity of said patents against any and all infringers, and perform such other acts as are necessary to give full force and effect to this assignment.

We represent and covenant that no assignment, mortgage, sale, license, pledge, encumbrance or alienation of said inventions or patent applications has been or will be made or entered into which would conflict with this assignment and sale.

We hereby authorize and request the Commissioner for Patents of the United States to issue all patents based on said application and each division, continuation, substitution, reissue, renewal and extension thereof to said ASSIGNEE, its successors and assigns.

IN TESTIMONY WHEREOF, we have duly executed this assignment on the date as indicated next to our names.
