CORPORATE ASSIGNMENT

WHEREAS, **Conair Corporation**, a Delaware corporation, with its principal place of business at 1 Cummings Point Road, Stamford, Connecticut 06902 (hereinafter referred to as "Assignor"), is the owner of patent rights including patent applications that are fully described in attached Schedule A (hereinafter referred to as "the Patents");

WHEREAS, **Conair LLC**, a Delaware limited liability company, with its principal place of business at 1 Cummings Point Road, Stamford, Connecticut 06902 (hereinafter referred to as "Assignee"), wishes to acquire the entire right, title and interest in and to the Patents owned by Assignor, as well as all other corresponding United States and foreign patent rights;

NOW, THEREFORE, for valuable and legally sufficient consideration, the receipt of which is hereby acknowledged, the Assignor sells, assigns and transfers to Assignee, its successors and assigns, the entire right, title and interest for the United States in and to the Patents for the full term of any granted Patent;

The Assignor also sells, assigns and transfers to Assignee the entire right, title and interest in and to any applications and patents corresponding to the Patents in all countries foreign to the United States, including all rights under the International Convention. The Assignor further authorizes Assignee to apply for Patents in foreign countries in the name of the inventors who have previously assigned this right to Assignor, and to claim the priority of the filing date of the United States Application under the provisions of the International Convention;

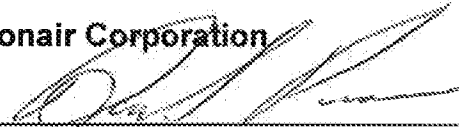

The Assignor further agrees, for itself and its legal representatives, it will assist or direct the inventors to assist Assignee in the prosecution before the United States Patent Office and the Federal Courts of this patent, and applications for Patent including renewals, continuations, continuation-in-parts, divisions, reissues and substitutions, that the Assignee elects to make covering the invention. The Assignor vests in Assignee like exclusive title in

and to all such other applications and patents, and includes the same under Patents. The Assignor will execute or direct the inventors to execute and deliver to Assignee any documents which may be requested by Assignee to carry out the terms of this Assignment; and

The Assignor authorizes and requests the Patent and Trademark authorities in foreign countries to issue the patents of foreign countries to Assignee.

I, the said **ASSIGNOR** have executed this Assignment this _____ day of May 12, 2021.
