Assignment

Whereas I, Hans Christian Karlsen, with an address of PB: 2470 Torgarden, Trondheim, Norway N-7005, hereinafter referred to as Applicant, have invented certain new and useful improvements in apparatus and method(s) related to Improvements In Or Relating To Well Abandonment and Slot Recovery; and on August 02, 2021 filed an application for Letters Patent of the United States of America, assigned SN 17/427703, thereon;

Whereas, Ardyne Holdings Limited, 1 St. Swithin Row, Aberdeen, Aberdeenshire AB10 6DL, United Kingdom, herein referred to as Assignee, desires to acquire all of Applicant's rights, title and interest in said invention and said United States patent application SN 17/427703, in any other United States patent application(s) thereon and patents issuing therefrom, and other rights as described herein;

Therefore, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, Applicant, by these presents do sell, assign and transfer unto Assignee all of my rights to said invention(s) in the United States, and all of my rights, title and interest in and to said application SN 17/427703, and any and all other United States patent applications on said invention, including but not limited to continuation, continuation-in-part, divisional or reissue applications, and including all rights of priority associated therewith, and to any and all patents which may be granted on any of said applications in the United States. I hereby authorize and request the Commissioner of Patents and Trademarks to issue any of said United States Patents to Assignee, of Applicant's entire right, title and interest in and to the same, for Assignee's sole use and benefit; and for the use and benefit of its legal representatives, to the full end of the term for which any of said patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made. I agree to take such further action and to execute such further documents, including but not limited to assignments, declarations, and/or powers of attorney, as are reasonably necessary to fully vest Assignee with the rights described herein and intended to be conveyed hereby.

Executed this 20 day of August, 2021, at Rotvoll,
Norway.

Hans Christian Karlsen
