ASSIGNMENT

WHEREAS, MyPort Technologies, Inc., a corporation of the State of Delaware, which has a business address of 2711 Northview Drive, McKinney, Texas 75070, (hereinafter referred to as "Assignor"), and which is the sole owner of all right, title and interest in and to the currently pending applications and issued patents listed on Exhibit A attached hereto (the "Properties") " the "inventions:"

WHEREAS, Assignor is desirous of assigning the entire right, title and interest of the Properties to MyPort IP, Inc, including all right title and interest in and to any and all past damages. The Properties specifically includes the following issued United States Patents:

US 6,996,251
US 7,184,573
US 7,778,440
US 7,778,438; and

WHEREAS, MyPort IP, Inc., a corporation of the State of Texas, which has a business address of 2711 Northview Drive, McKinney, Texas 75070, (hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to the Properties including all right title and interest in and to any and all past damages;

NOW, THEREFORE, for and in good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest in and to all issued patents included in the Properties, and in and to all pending patent applications included in the Properties and all patents which may be granted therefore, and all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof; and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting there from, insofar as our interests are concerned, to said Assignee of Assignor's entire right, title and interest. This assignment specifically includes the right to sue for past infringement and the right to collect damages for past infringement of any and all of the Patents included in the Properties.

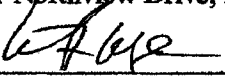

Assignor does also hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest in and to all rights to sue for past infringement and the right to collect damages for past infringement of the Properties.

Assignor does also hereby sell assign and transfer unto said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest to the inventions disclosed in all pending applications included in the Properties throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and we further

agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee, its successors, assigns and legal representatives.

Assignor hereby further agrees that it will communicate to said Assignee, or to its successors, assigns and legal representatives, any facts known to Assignor respecting any improvements in the inventions, and, at the expense of said Assignee, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make all lawful oaths, and generally do everything possible to vest title in said Assignee and to aid said Assignee, its successors, assigns and legal representatives to obtain and enforce proper protection for said inventions in all countries.
