Complete If Known:

Application No.: 17/187,377
 Filing Date: February 26, 2021
 Art Unit: TBD
 Examiner Name: TBD

I hereby declare that this declaration is directed to:

the attached application, or

1) United States Application Number 17/187,377 or 2) PCT International Application Number _____ filed on 02/26/2021 (MM/DD/YYYY)

The Patent Application was made or was authorized to be made by me. I believe that I am the original inventor or an original joint inventor of a claimed invention in the patent application, for which a Patent is sought on the invention entitled:

TREATING DATA FLOWS DIFFERENTLY BASED ON LEVEL OF INTEREST

I hereby authorize the firm of Rutan & Tucker, LLP, 18575 Jamboree Road, 9th Floor, Irvine, CA 92612 the power to insert here in the parenthesis, after I signed this document,

()
any further identification information, including the patent application's serial number and filing date that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claim(s), as amended by any amendment specifically referred to above, and the listing of inventors to be an accurate reflection of the invention.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application. I acknowledge that this is a continuing duty to disclose information including prior art which is material to patentability until the Patent Application issues as a Patent.

I believe the specification of the Patent Application contains a written description of the invention, and the manner and process of making and using the invention, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention. I believe the claims of the patent application particularly points out and distinctly claims one or more embodiments of the subject matter, which I as the inventor regard as the invention.

WHEREAS, Darktrace Holdings Limited, a corporation of United Kingdom, having a principal place of business at Maurice Wilkes Building, St John's Innovation Park, Cambridge, CB4 0DS, United Kingdom, ("Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention and in and to any Letters Patent that may be granted therefore in the United States and its territorial possessions and in any and all foreign countries.

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, We, the undersigned inventor hereby assigns and transfer to Assignee and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all improvements that are disclosed in the Application for the above United States Patent indicated above.

WE also assign the entire right, title, and interest for all provisional applications, non-provisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application.

I specifically also assign the entire right, title, and interest that I have for all provisional applications or other applications that this patent application claims priority to, including but not limited to:

United States Provisional Patent Application Number 62/983,307, filed on 02/28/2020 (MM/DD/YYYY), Titled, AN ARTIFICIAL INTELLIGENCE BASED CYBER SECURITY SYSTEM; and

United States Provisional Patent Application Number 63/078,092, filed on 09/14/2020 (MM/DD/YYYY), Titled, AN INTELLIGENT CYBER SECURITY SYSTEM.

Further, WE agree that WE will communicate to said ASSIGNEE or its (his) representatives any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, substitute, renewal and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said ASSIGNEE, make all rightful oaths, and, generally do everything possible to aid said ASSIGNEE, its (his) successors and assigns, to obtain and enforce proper protection for

said invention in the United States and its territorial possessions and in any and all foreign countries.
