## ASSIGNMENT

WHEREAS, **MetCon, LLC** a limited liability company of the state of Delaware having a principal place of business at 1817-B Pennsylvania Avenue, Monaca, PA 15061 (hereinafter referred to as Assignor), is the owner of the full and exclusive right, title, and interest in the United States and Foreign Patents and/or Patent Applications listed on Schedule A hereto and in the inventions recited therein;

WHEREAS, **MetCon Technologies, LLC**, a limited liability company of the state of Delaware having a principal place of business at 1817-B Pennsylvania Avenue, Monaca, PA 15061 (hereinafter referred to as Assignee), desires to acquire the entire right, title and interest in and to said inventions and in and to any Letters Patent that have or may be granted therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is acknowledged, Assignor hereby sells, assigns and transfers unto said Assignee the full and exclusive right, title and interest to the said inventions, including all items listed on Schedule A, in the United States and in all foreign countries and the entire right, title and interest in and to any and all related Applications and Letters Patents which have been or may be granted therefor in the United States and in any and all foreign countries and in and to any and all divisions, reissues, continuations, continuation-in-part, and extensions thereof including the full right to claim for any such applications the benefits of the International Convention.

Assignor hereby authorizes and requests the Patent Office Officials in the United States and in any and all foreign countries to issue any and all of said Letters Patent, when granted, to said Assignee as the owner of the entire right, title and interest in and to the same, for the sole use and benefit of said Assignee, its successors and assigns.

FURTHER, Assignor grants to said Assignee, its successors and assigns, the right to claim for any of said applications the full benefits and priority rights of any international agreement between the United States and any foreign country or countries of between any other countries.

FURTHER, to the extent applicable, Assignor hereby assigns to Assignee, its successor and assigns, all right, title, and interest to sue third parties for any past, present, or future infringement, and to collect all damages relating thereto, of all Letters Patent assigned herein.

FURTHER, Assignor agrees to communicate to said Assignee or its representatives any facts known to Assignor respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said Assignee, make all rightful oaths and generally do everything possible to aid said Assignee, its successors and assigns, to obtain and enforce proper protection for said invention in the United States and in any and all foreign countries.

FURTHER, Assignor covenants that Assignor has the full right to convey the interest assigned by this Assignment, and that Assignor has not executed and will not execute any agreement in conflict with this Assignment.

This Assignment shall be binding on the parties' successors, assigns, and legal representatives.
