**COMBINED DECLARATION & ASSIGNMENT (37 CFR §1.63)
FOR PATENT APPLICATION
TO BE FILED USING AN APPLICATION DATA SHEET (37 CFR §1.76)**

Title of Application: POSITIVE SYSTEM ALERTS

As a below named Inventor & Assignor, I hereby declare that:

This document is directed to:

- ☐ the attached patent application;
☒ US Pat. App. No. _____, filed _____; and also
US Prov. Pat. App. No. 63/068,772 filed August 21, 2020 entitled "Wearable
Medical Device with Configurable User Interface Response to Ambient Light and
System State"

I believe I am an original joint inventor, of one or more inventions in each of the above-listed application(s).

I hereby state that the above-listed application(s) were made or were authorized to be made by me, and that I have reviewed and understand the contents of the above-identified application(s), including any claims.

I acknowledge the duty to disclose information which is material to the patentability of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment of not more than five (5) years, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application(s) or any patent issued thereon.

For good and valuable consideration, the receipt of which I hereby acknowledge, I hereby further acknowledge and confirm that I have sold, assigned, and transferred pursuant to my employment agreement with ASSIGNEE at the time of the invention(s) and/or establish by these presents that I do hereby sell, assign, and transfer, unto ASSIGNEE, its successors, legal representatives, and assigns, the entire right, title, and interest to:

ASSIGNEE: Physio-Control, Inc.

Address: 11811 Willows Rd. NE
Redmond, WA 98052

the full and exclusive right, title and interest in and to the above-identified invention(s) and subject matter disclosed in the above-identified application(s), any related priority applications and the right to claim priority to the same, all patent application and patent rights throughout the world, including the right to act as the Applicant without me for prosecuting such rights; said invention(s), application(s) and letters patent in this or any foreign country, and all divisions, continuations, reissues, reexaminations, non-provisionals and extensions thereof, to be held and enjoyed by Assignee, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, and any and all claims for any infringement thereof, as fully and entirely as the same would have been held by me had this assignment not been made, and I covenant that I have full right so to do, and agree that I will communicate to Assignee, or its successors and assigns, any facts known to me respecting said invention(s), and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, non-provisional, reexamination and reissue applications, make all rightful oaths, and do everything possible to aid Assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country. I have not executed and will not execute any agreement or other instrument in conflict with this assignment.

In the event that a patent application filing date and/or serial number for any of the above-listed patent application(s) becomes known after this document is executed, I hereby authorize, request & grant permission to the attorneys of record in the patent application to insert above any identifying information including but not limited to checking "the attached application", and entering the filing date and/or application number after such information becomes known, and to record this document after such information is added.
