inventors of the invention relating to:

**COMPOUNDS WITH TMEM16A MODULATING ACTIVITY**

which is identified in the books of Sagittarius Intellectual Property LLP as case ENT-P2376PCT which will be filed as a PCT application having the claims appended hereto as Appendix 1 and which will claim priority from UK Patent Application No. 1801355.7, filed 26 January 2018

**ACKNOWLEDGE**

(1) that the invention was made in the course of our normal duties as your employees or in the course of duties falling outside our normal duties, but specifically assigned to us, and the circumstances were such that an invention might reasonably be expected to result from the carrying out of our duties or that the invention was made in the course of our duties and, at the

time of making the invention, because of the nature of our duties and the particular responsibilities arising from the nature of our duties we had a special obligation to further the interests of your undertaking, and:

(2) that the above identified invention belongs to you, and

(3) that you are exclusively entitled to any rights we may have as inventors to apply for or secure the grant in or outside the United Kingdom of Patent or other protection for the invention and the right to claim priority for applications for such Patent or other protection by virtue of the circumstances set forth above.

Now in consideration of the sum of £1, receipt whereof we hereby acknowledge, we HEREBY ASSIGN the invention and the rights specified under (3), if any, to you absolutely.

We HEREBY UNDERTAKE that at your request and cost we will execute all such documents and do all such things as may be necessary or convenient for obtaining the grant of a United Kingdom Patent or Patents and corresponding protection elsewhere in respect of the invention and for vesting the invention and all rights pertaining to it as you may direct.
