PATENT RIGHTS ASSIGNMENT

THIS AGREEMENT is made this effective as of the November 18, 2021, by and between Posey Products, LLC, a Delaware LLC at 570 Enterprise Drive, Neenah, WI 54956 (the "Assignor"), and TIDI Products, LLC, a Delaware LLC at 570 Enterprise Drive, Neenah, WI 54956 (the "Assignee") (collectively the "Parties").

WHEREAS, Assignor is the current owner of the "BED ENCLOSURE" patent known internally as attorney docket number: 2169.667 with corresponding US Patent Number 7,047,991 (Serial No. 10/316,226) (the "Patent Rights").

WHEREAS, Assignee wishes to acquire all right, title and interest in the Patent Rights, and Assignor wishes to transfer and confirms its interest in the Patent Rights to Assignee.

NOW THEREFORE, in consideration of the mutual promises, covenants, warranties, and other good and valuable consideration set forth herein, which is hereby acknowledged as sufficient and received, and in accordance with applicable law, the Parties hereby agree as follows:

1. *Assignment.* Assignor hereby sells, transfers, and assigns to Assignee, its successors, representatives and assigns, all right, title and interest in the Patent Rights including the related registration(s) and all priority rights, reexaminations, extensions and reissues thereof, and rights to file for and obtain International patents or other worldwide rights. Assignor hereby requests the Commissioner of Patents of the United States to record this assignment of all right, title and interest in the Patent Rights to Assignee.
2. *Assignor's Representations and Warranties.* Assignor hereby represents and warrants (i) that it has the legal right and authority to execute this Agreement, and to validly assign the entire interest in the Patent Rights to Assignee, (ii) that it has not executed any other agreement that would conflict with the terms of this Assignment, nor shall it execute any such agreement in the future, and (iii) that to the best of Assignor's knowledge, the Patent Rights are valid and enforceable as of the date of this Assignment.
3. *Further Actions.* Assignor hereby agrees to execute any further agreements and to take any further actions necessary to aid Assignee in perfecting its interest in the Patent Rights and in enforcing any and all protections or privileges deriving from the Patent Rights.
4. *Governing Law.* This Agreement shall be construed in accordance with, and governed in all respects by, the laws of the State of Wisconsin, without regard to conflicts of law principles.
5. *Counterparts.* This Assignment may be executed in several counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute one agreement.
6. *Severability.* If any part or parts of this Assignment shall be held unenforceable for any reason, the remainder of this Assignment shall continue in full force and effect. If any provision of this Assignment is deemed invalid or unenforceable by any court of competent

jurisdiction, and if limiting such provision would make the provision valid, then such provision shall be deemed to be construed as so limited.

7. *Entire Agreement.* This Assignment constitutes the entire agreement between Assignors and Assignee, and supersedes any prior understanding or representation of any kind preceding the date of this Assignment. There are no other promises, conditions, understandings or other agreements, whether oral or written, relating to the subject matter of this Assignment.

IN WITNESS WHEREOF, the Parties have caused this Assignment agreement to be executed the day and year first above written.
