ASSIGNMENT

I, **Michael GAULT**, am an inventor of the invention disclosed in U.S. Patent Application Serial No. 17/194,303 ("Application") filed 7 March 2021 ("Invention") with the title:

Verifiably Unique Transfer of Exclusive Ownership of Data Units

Guardtime SA ("Guardtime"), a corporation organized under the laws of Switzerland, having a principle place of business at Avenue d'Ouchy 4, Lausanne 1006, Switzerland, desires to acquire the entire right, title and interest in and to the Invention, the Application, and to any patents or to be obtained in any countries based on the Invention, and any improvements thereon.

In exchange for sufficient consideration that I acknowledge, I therefore agree as follows:

1. I hereby assign and transfer to Guardtime, its successors, assigns and legal representatives, the entire right, title and interest in and to the Invention and the Application, as well as to all divisional, continuing, substitute, renewal, reissue, and other applications for patents, which have been or may later be filed in any country or jurisdiction and which claim priority of the Application or are otherwise based on the Invention;
2. I agree that the foregoing rights conveyed to Guardtime include all priority rights arising from the filing of the Application, the right to own in its own name the Application and all patents in all countries, and other applications for patents based on the Invention, and further the sole right to file applications for foreign patents based on the Invention;
3. Without additional compensation, but at the expense of Guardtime, I agree to execute all documents requested by Guardtime, its successors, assigns and legal representatives regarding the filing and prosecution of this Application, as well as of all applications for patents, enforcement of all patents, and maintenance of all rights in the Invention, patents or applications based on the Invention, including but not limited to declarations/oaths and disclaimers;
4. Without additional compensation, but at the expense of Guardtime, upon the request of Guardtime and its successors, assigns and legal representatives, regarding the filing and prosecution of all applications for patents, enforcement of all patents, and maintenance of all rights in the Invention, patents and applications for patents based on the Invention, I agree to provide to Guardtime and its successors, assigns and legal representatives all information known to or ascertainable by me and all documents and other materials and objects pertaining to Guardtime's rights in the Invention that are in my possession or are accessible to me; and further, at any trial, hearing, deposition or other legal proceeding where I am called as a witness by Guardtime or its successors, assigns and legal representatives, I agree to testify to all facts pertaining to the Invention and Guardtime's rights in the Invention for which I am competent to testify;
5. I warrant and represent that I have conveyed no assignment, grant, lien, mortgage, license or other encumbrance affecting the Invention to any other person; that, to my knowledge, no such conveyance exists otherwise; and that I have the full power to convey the rights assigned in this Assignment.
