This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement”) dated November 24, 2021, is among the Persons listed on the signature pages hereof (collectively, the “Grantors”) and PNC BANK, NATIONAL ASSOCIATION, as Collateral Agent (in such capacity, together with any successor collateral agent, the “Collateral Agent”) for the Secured Parties (as defined in the First Lien Credit Agreement referred to below).

WHEREAS, OCALA BIDCO, INC., a Delaware corporation (the “Parent Borrower”), OCALA MERGER SUB, INC., a Delaware corporation (the “Co-Borrower”), whose rights and obligations therein will be assigned to and assumed by INOVALON HOLDINGS, INC., a Delaware corporation (the “Company”), and OCALA MIDCO, INC., a Delaware corporation (the “Holdings”) have entered into the First Lien Credit Agreement, dated as of November 24, 2021 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “First Lien Credit Agreement”), together with each lender from time to time party thereto (collectively, the “Lenders” and individually, a “Lender”), and PNC BANK, NATIONAL ASSOCIATION, as administrative agent (in such capacity, together with any successor administrative agent, the “Administrative Agent”) and Collateral Agent and the other agents and parties from time to time party thereto. Terms defined in the First Lien Credit Agreement or in the Security Agreement (as defined below) and not otherwise defined herein are used herein as defined in the First Lien Credit Agreement or the Security Agreement, as the case may be (and in the event of a conflict, the applicable definition shall be the one given to such term in the Security Agreement).

WHEREAS, as a condition precedent to the making of the Loans by the Lenders from time to time, the issuance of Letters of Credit by the L/C Issuers from time to time, the entry by the Hedge Banks into Secured Hedge Agreements from time to time and the entry by the Cash Management Banks into Secured Cash Management Agreements from time to time, each Grantor has executed and delivered that certain First Lien Security Agreement, dated November 24, 2021, among the Grantors and the Collateral Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”).

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed thereunder to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office and the United States Copyright Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. As security for the payment or performance, as the case may be, in full of all of the Obligations when due, the undersigned Grantor hereby unconditionally grants and pledges to the Collateral Agent and, its successors and permitted assigns, for the benefit of the Secured Parties, a continuing security interest in, and liens on, the undersigned Grantor’s right, title and interest in and to the Collateral, other than Excluded Property, in each case, as to each type of property described below, whether now owned or hereafter acquired by the undersigned Grantor, wherever located, and whether now or hereafter existing or arising (the “Collateral”):

- (i) all patents, patent applications, utility models, statutory invention registrations and all inventions claimed or disclosed therein and all improvements thereto set forth in Schedule A hereto (the “Patents”);

(ii) all trademarks, trademark applications, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, corporate names and other source identifiers, whether registered or unregistered set forth in Schedule B hereto (provided that no security interest shall be granted in any United States "intent-to-use" application for registration of a trademark filed pursuant to Section 1(b) of the Lanham Act, to the extent that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability, or result in the voiding, of such intent-to-use application (or any registration that may issue therefrom) under applicable law, rule or regulation), together, in each case, with the goodwill symbolized thereby (the "Trademarks");

(iii) all copyrights, together with any moral rights, including, without limitation, copyrights in Computer Software (as defined in the Security Agreement), internet web site content, whether registered or unregistered, and exclusive licenses of registered copyrights, in each case, as set forth in Schedule C hereto (the "Copyrights");

(iv) all reissues, divisionals, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(v) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(vi) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing;

provided that notwithstanding anything to the contrary contained in the foregoing clauses (i) through (vi), the security interest created hereby shall not extend to, and the term "Collateral" shall not include, any Excluded Property.

SECTION 2. Security for Obligations. The grant of a security interest in, the Collateral by each Grantor under this IP Security Agreement secures the payment of all Obligations of such Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, amended and restated, supplemented, replaced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)), whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations that would be owed by such Grantor to any Secured Party under the Secured Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, or reorganization or similar proceeding involving a Loan Party.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks record this IP Security Agreement.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 6. Governing Law; Jurisdiction; Etc.

(a) Section 10.16 and 10.17 of the Credit Agreement is hereby incorporated by reference, mutatis mutandis.

(b) THIS IP SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO THE CONFLICTS OF LAWS PRINCIPLES THEREOF, BUT INCLUDING SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW.

SECTION 7. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the liens and security interests granted to the Collateral Agent pursuant to this IP Security Agreement in any Collateral and the exercise of any right or remedy by the Collateral Agent with respect to any Collateral hereunder are subject to the provisions of the Intercreditor Agreement, dated as of November 24, 2021 (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement"), among OCALA MIDCO, INC., a Delaware corporation (referred to herein as "Holdings"), OCALA BIDCO, INC., a Delaware Corporation, (referred to herein as the "Parent Borrower"), OCALA MERGER SUB, INC., a Delaware corporation (referred to herein as the "Co-Borrower") whose rights and obligations therein will be assigned to and assumed by INOVALON HOLDINGS, INC., a Delaware corporation (referred to herein as the "Company"), the other Grantors from time to time party thereto, PNC BANK, NATIONAL ASSOCIATION, as First Lien Administrative Agent and First Lien Security Agent, PNC BANK, NATIONAL ASSOCIATION, as Second Lien Administrative Agent and Second Lien Security Agent and certain other Persons party or that may become party thereto from time to time. In the event of any conflict between the terms of the Intercreditor Agreement and this Agreement, the terms of the Intercreditor Agreement shall govern and control.

IN WITNESS WHEREOF, each Grantor and the Collateral Agent have caused this Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first written above.
