**ASSIGNMENT OF UNITED STATES PATENT APPLICATION**

Whereas, Frank Edward Gordon and Harper John Whitehouse (hereinafter referred to as the "Inventors"), have invented certain new and useful improvements (hereinafter referred to as "Invention") and are the sole owners of the following patent application:

Application Serial No. : 17/334,562

Filed: May 28, 2021

Entitled: LATTICE ENERGY CONVERSION DEVICE

Whereas Inovl, Inc., a Delaware corporation, having a principal place of business at 2787 Curie Place, San Diego, California 92122 (hereinafter referred to as "ASSIGNEE") wishes to acquire all of the Inventors' right, title and interest in and to said Invention and the patent application therefor;

Now, therefore, in consideration of the sum of One Dollar (\$1.00) and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said Inventors have sold, assigned, and transferred and by these presents do sell, assign, and transfer unto the ASSIGNEE and to its successors, legal representatives and assigns, the Inventors' entire right, title and interest in and to said Invention and in and to said patent application as well as any continuation, division, reissue and reexamination certificate thereof for the territory of the United States of America and for all foreign

countries, as well as the right to pursue past, present and future infringement and to collect and retain all damages relating thereto, said Invention and patent application to be held and enjoyed by the ASSIGNEE for its own use and enjoyment and for the use and enjoyment of its successors, legal representatives and assigns, to the full end of the term for which U.S. Letters Patent on same will be granted, as fully and entirely as the same would have been held by said Inventors had this Assignment and sale not been made.

Said Inventors hereby covenant that they have the full right to convey the interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith.

Said Inventors further covenant and agree that they will communicate to the ASSIGNEE and its successors, legal representatives and assigns, any facts known to them respecting said Invention, and testify in any legal proceeding, sign all applications, make all rightful oaths, and, at no expense to themselves, do everything reasonable to aid the ASSIGNEE and its successors, legal representatives and assigns to obtain and enforce proper patent protection for said Invention in all countries.
