GRANT OF SECURITY INTEREST IN  
PATENT RIGHTS

This GRANT OF SECURITY INTEREST IN PATENT RIGHTS (the “Agreement”), dated as of November 17, 2021, made by MICROCHIP TECHNOLOGY INCORPORATED, a Delaware corporation, together with the parties listed on the signature pages hereof (each a “Grantor”, and collectively the “Grantors”), in favor of JPMorgan Chase Bank, N.A., a national banking association, with an address at 10 S. Dearborn, 7th Floor, Chicago, IL 60603-2300, as Administrative Agent (in such capacity, the “Administrative Agent”) for the banks and other financial institutions or entities (the “Lenders”) from time to time parties to the Amended and Restated Credit Agreement, dated as of May 29, 2018 (as may be amended, restated, supplemented or otherwise modified from time to time, the “Existing Credit Agreement”), among Microchip Technology Incorporated, a Delaware corporation (“Borrower”), the Lenders and the Administrative Agent.

WHEREAS, pursuant to the Existing Credit Agreement, the Lenders have severally agreed to make extensions of credit to the Borrower subject to the terms and conditions set forth therein; and

WHEREAS, pursuant to the Existing Credit Agreement, the Borrower and certain other Grantors (as defined in the Security Agreement) have executed and delivered an Amended and Restated Pledge and Security Agreement, dated as of May 29, 2018, in favor of the Administrative Agent (together with all amendments, restatements, supplements and modifications, if any, from time to time thereafter made thereto, the “Security Agreement”); and

WHEREAS, pursuant to the Security Agreement, each Grantor granted to the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in all of such Grantor’s right, title, and interest in and to the Collateral, including the Patents; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, each Grantor agrees as follows:

1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Existing Credit Agreement and the Security Agreement.

2. Grant of Security Interest. Each Grantor hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in and continuing lien on

all of such Grantor's right, title and interest in and to all Patents (other than Excluded Assets) now owned or anytime hereafter acquired by such Grantor (including, without limitation, those items listed on Schedule A hereto) (collectively, the "Collateral").

3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Lenders in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security (and all rights and remedies of the Lenders thereunder) shall remain in full force and effect in accordance with its terms.

4. Acknowledgement. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Lenders with respect to the security interest in the Collateral granted hereby are more fully set forth in the Existing Credit Agreement and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

[Remainder of page intentionally blank; signatures on following pages]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of November 17, 2021.
