(b) any future reissues, reexaminations, extensions, continuations, continuing prosecution application, requests for continuing examinations, divisions, and registrations of any of the Patents;

(c) rights to apply in any or all countries of the world for future patents, certificates of invention, utility models, industrial design protections, design patent protections, or other future governmental grants or issuances of any type related to the Patents; and

(d) the exclusive right to all causes of action and enforcement rights of any kind under, or on account of, any of the Patents and/or any of the items described in either of the foregoing categories (b) or (c), including, without limitation, the exclusive rights to all causes of action, enforcement rights and all other rights to seek and obtain any other remedies of any kind for past, current and future infringement.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all future patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Assigned Patent Rights in the name of Assignee, as the assignee to the entire interest therein. This Assignment of Patent Rights will inure for the benefit of any permitted successors or assigns of Assignee.

Assignor will, at the reasonable request of Assignee and at Assignee's expense, take all reasonable steps necessary and proper, to confirm the assignment to Assignee of the Assigned Patent Rights pursuant to this Assignment of Patent Rights, including without limitation, the execution, acknowledgment, and recordation of specific assignments, oaths, declarations, and other documents on a country-by-country basis, to assist Assignee in obtaining and perfecting the Assigned Patent Rights.

The assignment herein is subject to the existing licenses, sublicenses, and other rights and obligations under the Assigned Patent Rights that have been (i) granted to third parties by Assignor; or (ii) granted or retained by prior owners or inventors of the Assigned Patent Rights, in each case, prior to the date of this Assignment of Patent Rights, including, without limitation, any covenants not to sue, standstill agreements, and releases that by their terms run with the Assigned Patent Rights or which a Assignor is required to have a subsequent assignee of the Assigned Patent Rights comply with.

For the avoidance of doubt, it is the intention of the Assignor, pursuant to this Assignment of Patent Rights, to transfer to Assignee the complete bundle of rights under which the Assignee will be entitled to seek all remedies under law and equity in any appropriate forum or jurisdiction.

IN WITNESS WHEREOF this Assignment of Patent Rights is executed
on August 31, 2021.
