PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement ("Agreement") is effective as of the 6th day of December, 2021 (the "Effective Date") by and between eFurn Holdings, LLC, a Delaware limited liability company ("Assignor"), and LumiSource, LLC, an Illinois limited liability company ("Assignee").

WHEREAS, the Assignor wishes to sell, assign and transfer to Assignee all of Assignor's right, title and interest in and to the Assigned IP; and

WHEREAS, Assignee desires to acquire all of Assignor's right, title and interest in and to the Assigned IP;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment. Assignor hereby irrevocably assigns, transfers, and conveys to Assignee all of its right, title and interest in, to and under the following (collectively, the "Assigned IP"):

(a) the patents and patent applications set forth on Exhibit A hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the "Patents");

(b) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(c) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office to record and register this Agreement upon request by Assignee. Following the date hereof, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Patents to Assignee, or any successor thereto.

3. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same

agreement. A signed copy of this Agreement delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

4. Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

5. Governing Law. This Agreement and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Agreement and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).

SIGNATURE PAGE FOLLOWS

IN WITNESS WHEREOF, the parties hereto have caused this Patent Assignment Agreement to be signed by their duly appointed representatives as of the Effective Date.
