## **ASSIGNMENT**

**Docket #: HawkerSkidPA**

WHEREAS, we, Forrest L. Dahmes and Paul K. Danielson of the City of New London, County of Kandiyohi, and State of Minnesota; and of the City of Willmar County of Kandiyohi, and State of Minnesota, respectively (collectively the "Assignors"), have made a certain new and useful invention entitled "Pipe Handler" for which we have made application for Patent of the United States (Application No:13/968,424) which consists of pipe handling equipment used in the oil and gas industry (collectively the "Invention").

WHEREAS, the Assignors are the joint owners of the entire right, title, and interest in and to said Invention and said application; and

WHEREAS, the Assignors previously have each entered into Assignments of Intellectual Property (collectively the "Assignments"), with Liberty Holdings, LLC, a Minnesota limited liability company ("Liberty"), which required the Assignors to, among other things, transfer all of their right, title and interest in intellectual property used in, developed for use in or necessary or related to the development, manufacture, design, marketing, distribution, sales and production of pipe handling equipment for the oil and gas industry.

WHEREAS, pursuant to the Assignments, Assignors are obligated to assign and Liberty is desirous of acquiring the full and exclusive right, title, and interest which Assignors have or may have in and to the Invention and said application, including any continuation and any division of said application, and any Letters Patent of the United States and of foreign countries that may be granted for said Invention, and any renewal, any reissue, and any extension of any such Letters Patent;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN:

Be it known that, for and in consideration of the sum of One Dollar (\$1.00) lawful money of the United States, to us in hand paid, the receipt of which is hereby acknowledged, and for other good and valuable considerations, the receipt and sufficiency of which the parties acknowledge, the Assignors, by these presents do hereby sell, assign, transfer, and set over unto Liberty all the right, title, and interest which the Assignors have or may have in and to the Invention and said application, and any Letters Patent of the United States and of foreign countries that may be granted for the Invention, and any renewal, any reissue, and any extension of any such Letters Patent; the same to be held and enjoyed by Liberty, its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignors if this assignment and sale had not been made; and the Assignors hereby covenant and warrant that Assignors have the full right to convey the entire interest herein assigned, and that Assignors have not executed and will not execute any instrument purporting to convey, mortgage, lease, or otherwise transfer, all or any part of said entire interest to anyone other than said Liberty, its successors, legal representatives, and assigns.

Assignment

Docket #: HawkerSkidPA

The Assignors authorize and request the Commissioner of Patents of the United States to issue any Letters Patent which may be granted upon the aforesaid application or applications to Liberty.

And, for the above recited considerations, the Assignors hereby covenant and agree that the Assignors will, at the request of Liberty, its successors, legal representatives, and assigns, execute any and all renewal, continuation, and divisional applications, both United States and foreign, for Letters Patent for the Invention; and any and all applications for the renewal, the reissue, and the extension of any Letters Patent, both United States and foreign, that may be granted for the Invention, and do any and all other and further acts to obtain any such Letters Patent, and any renewal, any reissue, and any extension of the same, that Liberty, its successors, legal representatives and assigns may deem necessary or expedient, without further compensation but at the expense of Liberty, its successors, legal representatives and assigns. This Assignment may be executed in two or more counterparts, each of which shall be deemed as an original. Facsimile and pdf signatures shall be sufficient for all purposes.
