ASSIGNMENT

In consideration of the payment and other good and valuable consideration exchanged as part of the Agreement effective as of March 24, 2021, and for formalization of assignment anticipated and understood to have been made in that agreement, between Starchup Incorporated, Laundry Locker, Inc., and SUD Systems LLC, the receipt of which is hereby acknowledged, Laundry Locker, Inc. (Assignor) hereby assigns, effective *nunc pro tunc* March 24, 2021, to SUD Systems LLC (Assignee) its entire right, title, and interest in and to U.S. Patent No. 7,844,507, issued November 30, 2010 (the Patent), including the invention entitled HANDLING HOUSEHOLD TASKS (the Invention), and in any and all patents, reissue patents, certificates of inventorship, design registrations, utility models, and the like, that may be granted in the U.S. or in any foreign country with respect to the Patent or Invention and improvements thereto and in any application, including continuations, continuations-in-part, or divisions, that may be filed with respect to the Invention, or improvements thereto, including.

Assignor represents and warrants that it has not transferred, licensed, and/or assigned any interest in the Invention to anyone other than Assignee, and that it has not entered into any contract, assignment, or license conveying any right granted to Assignee hereunder, or that would otherwise conflict with this Assignment, except for those rights licensed or otherwise encumbered in the Asset Purchase Agreement dated August 31, 2018 and previously disclosed to Assignee.

Assignor will, without additional charge to Assignee but at Assignee's expense, cooperate with and assist Assignee such that Assignee may realize and fully enjoy all the rights assigned hereunder, including the preparation and execution of all papers needed by Assignee,

and providing such information and assistance as may reasonably be required by Assignee in any administrative or legal proceeding to obtain or protect such rights.

This Assignment includes without limitation, the right to sue for past, present, and future infringement of the interests assigned in this Assignment and the right to collect and receive any damages, royalties, or settlement for such past, present, and future infringements and any and all causes of action relating to any of the inventions or discoveries described herein.
