ASSIGNMENT

Assignor: CoreMedia AG, a German public limited corporation having a primary business address at Ludwig-Erhard-Strasse 18, Hamburg 20459, Germany.

Assignee: CoreMedia GmbH, a German limited liability company having a primary business address at Ludwig-Erhard-Strasse 18, Hamburg 20459, Germany.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee and its successors, assigns, and legal representatives:

- A. the entire right, title, and interest, for the United States and all foreign countries, in and to any and all inventions or improvements disclosed in the patent applications listed on attached Schedule A, and in and to said applications and all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions or improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said inventions or improvements; and in and to all rights of priority resulting from the filing of said patent applications; and
- B. the entire right, title, and interest in and to any and all patents listed on attached Schedule B, all inventions or improvements disclosed in the listed patents, and all causes of action, in law or equity, that have accrued to Assignor under the listed patents since their issuance.

Assignor and Assignee agree that Assignee may apply for and receive a patent or patents for said inventions or improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all provisional applications, non-provisional applications, utility applications, design applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications on any and all said inventions or improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said inventions or improvements and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said inventions or improvements and for vesting title to said inventions or improvements, and all applications for patents and all patents on said inventions or improvements, in said Assignee, its successors, assigns, and legal representatives; and

Assignor covenants with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
