ASSIGNMENT OF PATENT

Equilibrium Technologies Inc., a Corporation organized under and pursuant to the laws of the State of Delaware (hereinafter referred to as "Assignor or Equilibrium"), is the sole and exclusive owner of the patents listed in Exhibit A (hereinafter referred to as "Patent Matters"); and

Automated Media Processing Solutions, Inc., a limited liability company organized under and pursuant to the laws of the State of Delaware (hereinafter referred to as "Assignee"), desires to acquire the right, title and interest in, to and under said Patent Matters and the inventions covered thereby.

For good and valuable consideration, the receipt and sufficiency of which Assignor acknowledges, Assignor hereby sells, assigns, transfers, and sets over to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to said Patent Matters and all improvements thereon, and all provisional, original, divisional, continuation, continuation in part, substitute or reissue applications and patents applied for or granted therefor (including related rights such as utility model registrations, inventor's certificates and the like), in the United States of America and all other countries, which claim priority to the Patent Matters including, without limitation, all United States Letters Patents and all reissues, reexaminations and extensions thereof and all priority rights under all available international agreements, treaties and conventions for the protection of intellectual property in its various forms in every participating country, and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents resulting from the Patent Matters to said Assignee herein, as assignee of the entire interest therein; and the Assignor for itself and its legal representatives, heirs and assigns does hereby agree and covenant without further remuneration, to execute and deliver all original, divisional, continuation, continuation in part, reissue and other applications for Letters Patent and all assignments thereof to said Assignee or its successors, legal representatives and assigns, to communicate to said Assignee or its successors, legal representatives and assigns all facts known to the Assignor respecting said Patent Matters whenever requested, to testify in any interferences or other legal proceedings in which said applications or patents may become involved, to sign all lawful papers, make all rightful oaths, and do generally everything necessary to aid Assignee, its successors, legal representatives and assigns to obtain patent protection for said Patent Matters in the United States of America and all other countries, the reasonable expenses incident to said Patent Matters to be borne and paid by said Assignee.

Assignor further assigns, transfers and conveys to Assignee all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of the Patent Matters including, without limitation, all causes of action and other enforcement rights for (1) damages, (2) injunctive relief, and (3) any other remedies of any kind for past, current, and future infringement.

The right, title, and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

For and on behalf of ASSIGNOR:

A handwritten signature in black ink, appearing to read 'Sean Barger', written over a horizontal line.
