Serial Number.....63/245,739  
 Filing Date..... September 17, 2021  
 Attorney Docket No. .... P290314.US.02  
 Title: SWIVEL MOUNT FOR DISPLAY OF EXERCISE MACHINE

WHEREAS, Assignor(s) identified above (hereinafter, individually and collectively the "Assignor"), have invented certain new and useful processes, methods, machines, devices, systems, manufactures, and/or compositions of matter, or new and useful improvements thereof (the "Invention"), disclosed and described in provisional applications for Letters Patent in the United States ("U.S.") filed on the filing dates indicated above in the United States Patent and Trademark Office ("USPTO"), and identified by the titles, application numbers, and/or attorney docket numbers indicated above (hereinafter the "Patent Application");

WHEREAS, the Patent Application was made or authorized to be made by Assignor, Assignor believes that Assignor is the original inventor or an original joint inventor of a claimed

invention in the Patent Application, and Assignor hereby acknowledges that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both; and

WHEREAS, Assignee, a corporation organized and existing under the laws of the State indicated above, and having its principal place of business at the address indicated above, desires to acquire the entire right, title, and interest of Assignor in and to the Invention, the Patent Application and in, to, and under any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which Assignor hereby expressly acknowledges, Assignor has sold, assigned, and transferred and does hereby sell, assign, and transfer to Assignee, its successors, legal representatives, and assigns, the entire right, title and interest in and to the Invention, the Patent Application, and all divisional, continuation, continuation-in-part, and continuing prosecution applications that claim priority thereto, and any reexamination and reissue applications thereof; all international, regional, and foreign applications that claim priority to, are counterparts of, or otherwise correspond thereto, including applications listed in Exhibit A; the Letters Patent, both in the United States and in countries or regions foreign thereto, that may or shall issue or have issued therefrom; any extensions, substitutes, or renewals thereof; the right to claim priority to the filing date of the Patent Application; any right, title, or interest in and to the Invention under any international conventions; and any and all rights to collect damages for past, present, and future infringement of any U.S. or foreign rights, including provisional rights, which may be, shall be, or have been granted pursuant to the Patent Application (collectively "the Patent Rights"); and

Assignor further authorizes Assignee, its successors, and assigns, or anyone they may properly designate, to apply for Letters Patent in the U.S. and any and all foreign countries and regions, in its own name if desired, and otherwise take advantage of the provisions of any international conventions; and

Assignor hereby authorizes and requests transfer of the Patent Application and any further applications, including applications listed in Exhibit A, which may be or shall have been filed under the Patent Rights, to Assignee in accordance herewith and further authorizes and requests any official of any State whose duty consists of issuing patents or other evidence or forms of any industrial property protection issuing from the Patent Application and all related applications, including applications listed in Exhibit A, to issue same to Assignee, its successors, and assigns in accordance herewith; and

Assignor hereby authorizes Assignee, its successors and assigns, or anyone they may properly designate, to insert in this instrument the application number and filing date of the Patent Application, and to insert in Exhibit A the application number(s) and filing date(s) of application(s) that claim priority to, are counterparts of, or otherwise correspond to the Patent Application, once known.

Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey all right, title, and interest in the Patent Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Patent Rights to a third party, and Assignor hereby covenants and agrees with Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these representations; and

Assignor agrees to disclose to Assignee any information, including, but not limited to, prior art references, that Assignor is presently aware of or becomes aware of in the future that would materially affect the patentability of the Invention or the Patent Application or the present or future validity of the Patent Rights; and

Assignor, Assignor's successors, legal representatives, or administrators will at any time upon request, without further or additional consideration, but at the expense of Assignee, its successors, and assigns, execute such additional writings and do such additional acts as Assignee, its successors, and assigns, may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for, obtaining, and enforcing any of the Patent Rights, including giving testimony in any proceedings or transactions involving such Patent Rights, including the right to bring, make, oppose, defend, and/or appeal proceedings, claims and actions and obtain relief (and to retain any damages recovered) in respect of any infringement, or any other cause of action arising from ownership of any of the Patent Rights, whether occurring before or after the date of this assignment; and

This document may be executed in two or more counterparts and by facsimile, all of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with applicable state or federal law, e.g., [www.docusign.com](http://www.docusign.com)) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly executed and delivered and be valid and effective for all purposes; and

Each of the terms and conditions contained in this agreement will be deemed to be separate and severable from each other and if any one or more of the terms and conditions are determined to be invalid or unenforceable by any court of competent jurisdiction, such determination and any consequential severance will not invalidate the remainder of this agreement, which will remain in full force and effect as if such severed terms and conditions had not been made a part thereof; and

Assignor further covenants and agrees that this Assignment is effective as of the earlier of the date of execution of this Assignment indicated below or the Filing Date of the Patent Application.

IN WITNESS WHEREOF, Assignor hereunto has executed this Assignment upon the date indicated below.
