ASSIGNMENT

WHEREAS We, the below named inventors (hereinafter "Assignors"), have made an invention entitled:

IMAGING OF METASTATIC OR RECURRENT CANCER

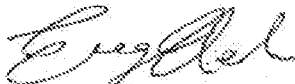

as described in an application for United States Letters Patent filed in the U.S. Patent and Trademark Office, said application identified by **U.S. Provisional Application No. 63/119,709, filed on December 1, 2020**; and

WHEREAS, **Blue Earth Diagnostics Limited**, a corporation of England, whose post office address is Unit F14, The Oxford Science Park, Magdalen Centre, Robert Robinson Avenue, Oxford, OX4 4GA, UNITED KINGDOM, (together with its successors and assigns, hereinafter "Assignee"), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, including the above-referenced application, any non-provisional applications thereof and Letters Patent to be issued thereon, and any application claiming priority thereto;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, We, as Assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto Assignee, our entire right, title, and interest in and to this invention, U.S. Provisional Application No. 63/119,709, filed on December 1, 2020, and all non-provisional applications thereof, including any divisions and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country, and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof, and all rights to claim priority on the basis of the above U.S. application; and We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee in accordance with the terms of this Assignment;

AND, WE HEREBY covenant that We have the full right to convey the interest assigned by this Assignment, and We have not executed and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that We will, without further consideration, communicate with Assignee any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee.
