ASSIGNMENT OF PATENT RIGHTS

WHEREAS, Aerial Surveying, Inc, (hereinafter, "Assignor") a corporation organized and existing under the laws of the State of Hawaii, USA, having a place of business at 68-1125 North Kaniku Drive, Unit 906, Kamuela, Hawaii 96743, USA, owns patent(s) and patent application(s) (hereinafter, the "Inventions") listed in the Appendix attached hereto.

WHEREAS, RTR Technologies (hereinafter, "Assignee"), a limited liability company organized and existing under the laws of the State of Colorado, USA, having a place of business at 1339 S GARFIELD AVE, LOVELAND, CO 80537, with a mailing address of 1339 S GARFIELD AVE, LOVELAND, CO 80537, is desirous of acquiring the entire right, title and interest in and to the Inventions within the United States of America and its territorial possessions and all foreign countries, and in and to any United States or foreign LETTERS PATENT that may be granted therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has assigned, sold and transferred, and does assign, sell and transfer to the Assignee, its successors and assigns, the entire right, title and interest in and to the Inventions within the United States of America and its territorial possessions and all foreign countries, and in and to any LETTERS PATENT of the United States and foreign countries, including utility models, inventor's certificates and like government grants that may be granted for any and all portions thereof, and in and to the patent application identified above and applications for patent filed for the Inventions in all foreign countries and all provisional, nonprovisional, divisional, reissue, continuation, continuation-in-part applications and extensions of any of the applications for patent or LETTERS PATENT identified herein, including all applications claiming the priority of said applications for patent or LETTERS PATENT identified herein, and the right to apply for LETTERS PATENT in foreign countries with full benefit of such priorities as may now or hereafter be granted to Assignor by local laws or by treaty, including any international convention, for the protection of industrial property, together with the right to extend the protection of the United States LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America. Assignee will hold all rights for its own use and benefit and for the use and benefit of its successors or assigns to the full end of the term for which the LETTERS PATENT may be granted, as fully and entirely as the same would have been held and enjoyed by

Assignor if this assignment and sale had not been made. Assignor requests and authorizes the Commissioner of the U.S. Patent and Trademark Office, and foreign counterpart officials of foreign patent offices, to issue respective LETTERS PATENT in the United States and foreign countries when granted, in accordance with this assignment.

Assignor further covenants and agrees with the Assignee that Assignor has a full and unencumbered title to the Inventions, which title Assignor warrants to the Assignee. Assignor further agrees that Assignor will, without demanding any further consideration therefor, at the request and expense of the Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, that may be or become necessary for obtaining, sustaining, extending, reissuing or reexamining United States and foreign LETTERS PATENT or the like for the Inventions, and for maintaining and perfecting the Assignee's right to the Inventions and LETTERS PATENT particularly in cases of interference conflict, opposition and litigation.

Assignor further authorizes Assignee to file applications in the name of Assignor for Letters Patent in any country.

IN TESTIMONY WHEREOF, I/We have signed this Assignment on the date specified below.

A handwritten signature in black ink, appearing to read 'T. Pattison', is written over a horizontal line.

Thomas Pattison, CEO, Aerial Surveying, Inc.
