ASSIGNMENT BY INVENTOR(S) OF U.S. PATENT APPLICATION

Attorney Docket Number	ZZHY-01201-UUS
Title of Invention	BIOMASS BURNER

WHEREAS, I believe that I am the original inventor or an original joint inventor (referred to as ASSIGNOR below) of a claimed invention in the application identified by the title above.

WHEREAS, China National Tobacco Corporation Henan Provincial Company
 having a postal address of: No. 15, Business Outer Ring Road, Zhengdong New District, Zhengzhou, Henan, China, 450046
 and Xuchang Tongxing Modern Agricultural Science and Technology Co., Ltd.
 having a postal address of: Middle Section of Ping'an Avenue, Shangji Industrial Cluster, Xuchang, Henan, China, 461000
 and Henan Agricultural University
 having a postal address of: No. 63, Nongye Road, Jinshui District, Zhengzhou, Henan, China, 450009

(referred to as ASSIGNEES below) desire to acquire the entire right, title, and interest in and to the same in the United States in equal and undivided amounts:

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, **ASSIGNOR, by these presents does sell, assign and transfer unto said ASSIGNEES, for each to hold in an equal and undivided amount, the entire right, title, and interest in and to said invention and application throughout the United States of America**, including any and all patents granted on any division, continuation, continuation-in-part, reexamination, and reissue of said application, whether granted in an initial or supplemental examination thereof.

ASSIGNOR hereby agrees to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of said application or any other patent applications in the United States for said invention, including additional documents that may be required to affirm the rights of said ASSIGNEES in and to said invention and application, all without further consideration. ASSIGNOR also agrees, without further consideration and at ASSIGNEES' expense, to identify and communicate to ASSIGNEES at ASSIGNEES' request documents and information concerning the invention that are within ASSIGNOR's possession or control, and to provide further assurances and testimony on behalf of said ASSIGNEES that lawfully may be required of ASSIGNOR in respect of the prosecution, maintenance and defense of any patent application or patent encompassed within the terms of this instrument. ASSIGNOR's obligations under this instrument shall extend to ASSIGNOR's heirs, executors, administrators and other legal representatives.

ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all patents referred to above to said ASSIGNEES, as the ASSIGNEES of the entire right, title and interest in and to the same, each holding an equal and undivided amount, for the ASSIGNEES' sole use and behoof; and for the use and behoof of said ASSIGNEES' legal representatives and successors, to the full end of the term for which such patent may be granted, as fully and entirely as the same would have been held by ASSIGNOR had this assignment and sale not been made.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, **ASSIGNOR, by these presents does sell, assign and transfer unto said ASSIGNEES, for each to hold in an equal and undivided amount, the entire right, title, and interest in and to said invention and application throughout the United States of America**, including any and all patents granted on any division, continuation, continuation-in-part, reexamination, and reissue of said application, whether granted in an initial or supplemental examination thereof.

ASSIGNOR hereby agrees to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of said application or any other patent applications in the United States for said invention, including additional documents that may be required to affirm the rights of said ASSIGNEES in and to said invention and application, all without further consideration. ASSIGNOR also agrees, without further consideration and at ASSIGNEES' expense, to identify and communicate to ASSIGNEES at ASSIGNEES' request documents and information concerning the invention that are within ASSIGNOR's possession or control, and to provide further assurances and testimony on behalf of said ASSIGNEES that lawfully may be required of ASSIGNOR in respect of the prosecution, maintenance and defense of any patent application or patent encompassed within the terms of this instrument. ASSIGNOR's obligations under this instrument shall extend to ASSIGNOR's heirs, executors, administrators and other legal representatives.

ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all patents referred to above to said ASSIGNEES, as the ASSIGNEES of the entire right, title and interest in and to the same, each holding an equal and undivided amount, for the ASSIGNEES' sole use and behoof, and for the use and behoof of said ASSIGNEES' legal representatives and successors, to the full end of the term for which such patent may be granted, as fully and entirely as the same would have been held by ASSIGNOR had this assignment and sale not been made.
