ASSIGNMENT OF PATENT APPLICATION

WHEREAS, the below named inventor(s), (hereinafter in the singular and collective "ASSIGNOR"), has/have made a certain new and useful invention in:

ROTATING SUPPORT DEVICE FOR A TORSION BEAM

for which an application has been filed as PCT/ES2020/070393 on 18 June 2020 and for which a national phase U.S. patent application has or is being filed,

WHEREAS,

KTRSOLAR TECH, S.L.
Plaza Mayor, 17 1^aA, 31621 Sarriguren
SPAIN

(hereinafter "ASSIGNEE") is desirous of acquiring the entire right, title and interest in, to and under the said invention and in and to any Letters Patent that may be granted therefor in the United States and its territorial possessions and in any and all foreign countries;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to me in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, the said ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the said invention, and the said United States application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventor's certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

ASSIGNOR authorizes and requests any Official of the U.S. Patent & Trademark Office, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

ASSIGNOR covenants and agrees that he has full right to convey the entire interest herein assigned, and has not executed, and will not execute, any agreement in conflict herewith;

ASSIGNOR further covenants and agrees that he will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper protection for said invention in all countries; and

ASSIGNOR and ASSIGNEE hereby grant attorney Hassan Abbas Shakir the power to insert on this Assignment of Patent Application document any further information or identification, including the application number and filing date of the patent application, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment of Patent Application document.
