ASSIGNMENT

WHEREAS, I, **Russell S. Covington** and **Kim Michael Folse** have invented certain new and useful methods, devices, and systems useful for collecting debris from a body of water (collectively, the "Inventions") for which a United States patent application entitled "**SYSTEMS, APPARATUS AND METHODS FOR COLLECTING DEBRIS FROM A BODY OF WATER**" was filed on 11-JUNE-2020 and assigned Serial No. 16/899,200 (the "Application"); and

WHEREAS, **Ocean Cleaner, LLC**, a limited liability company of Texas, having an address of 6354 FM 105, Orange, Texas 77630, is desirous of acquiring the entire right, title and interest in and to the aforesaid Inventions and Application, including the right to file additional patent applications in the United States and patent applications outside the United States (which shall include filings under the provisions of any convention or treaty);

NOW, THEREFORE, for and in consideration of the sum of Ten Dollars (\$10.00) and for other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer and set over to **Ocean Cleaner, LLC**, all right, title and interest in and to said Inventions throughout the world, and said Application, and any and all regular applications, divisions, continuations, continuations-in-part and other patent applications relating thereto and reissues thereof, and any and all patents of the United States and foreign countries which may be granted therefor, the same to be held and enjoyed by **Ocean Cleaner, LLC** for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said patents of the United States or foreign countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

And I hereby authorize and request the Commissioner of Patents and Trademarks and other authorities in foreign countries to issue any and all patents on said Inventions or resulting from said Application and from any and all regular applications, divisions, continuations, continuations-in-part and other patent applications relating thereto and reissues thereof to **Ocean Cleaner, LLC**, as assignee of my entire interest, and hereby covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.

And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said Inventions and patents as may be granted therefor, to **Ocean Cleaner, LLC**, its successors, assigns, or other legal representatives and that if **Ocean Cleaner, LLC**, its successors, assigns or other legal representatives shall desire to file any regular applications, divisional, continuation, continuation-in-part applications or other patent applications thereon or to secure a reissue of such patents, or to file a disclaimer relating thereto, I will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such applications, and the procuring

thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignee, its successors or other legal representatives.

And I do further covenant and agree that I will, at any time upon request, communicate to **Ocean Cleaner, LLC**, its successors, assigns or other legal representatives, such facts relating to said Inventions, Application, related applications and patents or the file histories thereof as may be known to me, and testify as to the same in any interference or other administrative proceeding or litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.
