**PATENT ASSIGNMENT**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, METZNER MASCHINENBAU GmbH, a company located at Messerschmittstrasse 30, 89231 Neu-Ulm, Germany (“**Seller**” or “**Assignor**”), hereby sells, assigns, transfers, and conveys to METZNER HOLDING GmbH, a company located at Laemmerweg 33, 89079 Ulm, Germany (“**Buyer**” or “**Assignee**”) all right, title, and interest in and to any and all improvement which are disclosed in the international patent application No. PCT/EP2020/053537 filed on February 12, 2020, and is entitled “Method and Device for Producing an Electrical Cable,” incorporated herein, such application and all regular, divisional, continuing, substitute, renewal, reissue and all other applications for patent which have been or shall be filed in the United States and all foreign countries on any of such improvements; all original and reissued patents which have been or shall be issued in the United States and all foreign countries on such improvements; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States; all together with all claims and causes of action with respect to any of the foregoing, including without limitation all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, misappropriation, violation, breach, or default, and all other rights, privileges, and protections of any kind whatsoever of Seller accruing under any of the foregoing provided by any applicable law, treaty, or other international convention;

**Seller** hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to issue any and all United States and foreign patents granted on such improvements to the **Assignee**, record and register this Patent Assignment upon request by **Assignee**.

**Seller** WARRANTS AND COVENANTS that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the Seller, and that the full right to convey the same as herein expressed is possessed by the Seller;

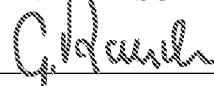

**Seller** COVENANTS that, when requested and at the expense of the **Assignee**, to carry out in good faith the intent and purpose of this assignment, the Seller will execute all regular, divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the Seller relating to such improvements and the history thereof; and generally do everything possible which the Assignee shall consider desirable for securing, maintaining and enforcing proper patent protection for such improvements and for vesting title to such improvements in the Assignee;

**Seller** COVENANTS AND AGREES that the above is and will be binding on the heirs, assigns, representatives and successors of the **Seller** and extend to the successors, assigns and nominees

of the **Assignee**.

IN WITNESS WHEREOF, the undersigned Seller has caused this Patent Assignment to be executed on this 15. day of December, 2021 by its duly authorized officer.
