ASSIGNMENT

For valuable consideration, receipt of which is hereby acknowledged, I, Kenneth Garelick, of Mechanicsville, VA, hereby assign to Afton Chemical Corporation, a corporation of Delaware having a place of business at:

500 Spring Street
Richmond, VA 23219

and its successors and assigns (collectively hereinafter called "the Assignee"), my entire right, title and interest throughout the world in the inventions and improvements which are subject of a United States Patent Application entitled LUBRICATING COMPOSITIONS FOR REDUCED HIGH TEMPERATURE DEPOSITS, executed concurrently herewith, this assignment including said application, any and all United States and foreign utility patents and patent applications, including continuation, continuation-in-part, divisional, reissue, and reexamination applications, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, and including all rights of action and rights to recover damages for past infringements; and I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and I agree for myself and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

I hereby authorize and request the attorneys of Honigman LLP, 155 North Wacker Drive, Suite 3100, Chicago, IL 60606, to insert here in parenthesis (Application No. 17/578,070, filed 18 Jan 2022) the filing date and application number of said Application when known.
