## ASSIGNMENT

WHEREAS, **Chun Nien King** (hereinafter "Assignor"), has made certain new and useful inventions and improvements that are described in United States Patent Application Serial No. 16/714,592 filed on December 13, 2019, entitled:

### **Hydraulic Power Units with Submerged Motors**

WHEREAS, **KTI Hydraulics Inc.**, a California corporation having a place of business at 2621 So. Daimler St., Santa Ana, CA 92705 (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest in and to said inventions, improvements and application and in and to all patents to be obtained therefrom.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, and transferred, and by these presents do hereby sell, assign and transfer unto Assignee, its successors or assigns, the entire right, title and interest for all countries in and to all inventions and improvements disclosed in the aforesaid application, and in and to the said application, all divisions, continuations, continuations-in-part, or renewals thereof, all patents which may be granted therefrom, and all reissues or extensions of such patents, and in and to any and all applications which have been or shall be filed in any foreign countries for patent on the said inventions and improvements, including an assignment of all rights under the provisions of the International Convention, and all patents of foreign countries which may be granted therefrom; and Assignor does hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States Patents for the aforesaid inventions and improvements to the Assignee as the assignee of the entire right, title and interest in and to the same, for the use of the Assignee, its successors and assigns.

AND, for the consideration aforesaid, Assignor does hereby agree that Assignor and its executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to Assignee, its successors and representatives all facts known relating to said improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest

in Assignee, its successors or assigns the entire right, title, and interest in and to the said improvements, inventions, applications, patent, rights, titles, benefits, privileges and advantages hereby sold, assigned and conveyed, or intended so to be.
