## ASSIGNMENT FOR PATENT APPLICATION

Title of Application: WEARABLE CARDIAC DEFIBRILLATION SYSTEM WITH FLEXIBLE ELECTRODES

As a below named Inventor & Assignor, I hereby declare that:

This document is directed to:

- ☐ the attached application, or
- ☒ United States application or PCT international application  
having number: 14/710,799 filed on: May 13, 2015
- ☒ United States application or PCT international application  
having number: 15/800,027 filed on: October 31, 2017
- ☒ United States application or PCT international application  
having number: 16/859,921 filed on: April 27, 2020
- ☒ United States application having number: 17/405,921, filed on: August 18, 2021

I believe I am an original joint inventor, of a claimed invention in the application.

For good and valuable consideration, the receipt of which I hereby acknowledge, I hereby sell, assign and transfer, and as appropriate I confirm that I have sold assigned and transferred, to:

Assignee: Physio-Control, Inc.

Address: 11811 Willows Road NE  
Redmond WA 98052

the full and exclusive right, title and interest in and to the above-identified invention, related priority applications & right to claim priority to the same, patent application and patent rights throughout the world, including the right to act as the Applicant without me for prosecuting such rights; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues, non-provisionals and extensions thereof, to be held and enjoyed by Assignee, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, and any and all claims for any infringement thereof, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and I covenant that I have full right so to do, and agree that I will communicate to Assignee, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, non-provisional and reissue applications, make all rightful oaths, and do everything possible to aid Assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country. I have not executed and will not execute any agreement or other instrument in conflict with this.

In the event that the patent application filing date and/or serial number becomes known after this document is executed, I hereby authorize, request & grant permission to the attorneys of record in the patent application to insert above any identifying information including but not limited to checking "the attached application", and entering the filing date and/or application number after such information becomes known, and to record this document after such information is added.
