ASSIGNMENT

Whereas, MAHLE Electric Drives Japan Corporation, having a place of business at 3744 Ooka, Numazu-shi, Shizuoka-ken, Japan, hereinafter referred to as "Assignor", did obtain a partial right, title and interest in and to certain new and useful improvements in:

CAPACITOR DISCHARGE IGNITION DEVICE FOR INTERNAL COMBUSTION ENGINE

for which United States Patent No 6,889,677 issued on May 10, 2005 (Pearne & Gordon LLP Docket No. KIK-36406).

WHEREAS the remaining right, title and interest to U.S. Patent No 6,889,677 is owned by HONDA GIKEN KOGYO KABUSHIKI KAISHA, who is not a party to this assignment document.

WHEREAS, MAHLE International GmbH, having a place of business at Praxstr. 26-46, 70376 Stuttgart, Germany, hereinafter referred to as "assignee", is desirous of acquiring said partial right, title, and interest owned by MAHLE Electric Drives Japan Corporation throughout the world in, to, and under said improvements and inventions and patent rights therefor.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said partial right, title, and interest, in the United States and throughout the world, in, to and under said improvements and inventions and all patents, patent applications, patent rights, and inventors' certificates thereof, therefor, and therein, including without limitation said application for patent in the United States, all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all right to sue for past infringement thereunder, all patents which may be granted for said improvements and inventions by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefor, have been and are hereby sold, assigned, transferred, and delivered unto assignee, its successors and assigns by the undersigned; and it is covenanted and agreed by the undersigned, and for executors, administrators, and legal representatives of the undersigned, that at assignee's request any and all applications, affidavits, assignments, and other instruments will be made, executed, and delivered as may be necessary, or desirable to secure for or vest in assignee, its successors or assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other right or property covered by this assignment, and the United States Director of Patents and Trademarks is hereby requested and authorized to issue any and all United States patents granted on any of said applications to assignee as owner of said partial right, title, and interest in, to, and under the same, and appropriately empowered officials of foreign countries are hereby authorized to issue any letters patent granted on any of said applications to assignee as owner of said partial right, title and interest in, to, and under the same.

The undersigned hereby grant the firm of Pearne & Gordon LLP the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, this assignment has been executed below by the undersigned:
