Patent Assignment

Whereas, Merck Patent GmbH, a corporation formed under the laws of Germany, with a place of business at Frankfurter Str. 250, 64293 Darmstadt, Germany ("Assignor"), is the registered owner or co-owner of the patents listed in Attachment 1 hereto (hereinafter "Assigned Patents"); and

Whereas, E Ink Corporation, a corporation formed under the laws of the State of Delaware, USA, with a place of business at 1000 Technology Park Drive, Billerica, MA 01821 USA (hereinafter "Assignee"), is desirous of acquiring Assignor's entire right, title and interest in, to and under the Assigned Patents.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby irrevocably and perpetually sell, assign, transfer and convey to Assignee:

- (i) all of Assignor's right, title and interest in and to the Assigned Patents throughout the world ("Patent Rights"), all of which are to be held and enjoyed by Assignee for its own use and enjoyment, and except as otherwise explicitly agreed and acknowledged in writing between the parties, for the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term or terms for which the Assigned Patents are or may be granted, reissued or extended as fully and entirely as the same would have been held and enjoyed by Assignor, if this assignment and sale had not been made; and
- (ii) all of Assignor's rights in and to causes of action (whether known or unknown and whether currently pending, filed, or otherwise) and enforcement rights for the Patent Rights including without limitation Assignor's right to sue for past, current and future infringement of the Assigned Patents, including all powers, benefits, and remedies relating thereto, including without limitation all of Assignor's rights to damages, injunctive relief, and any other remedies of any kind for past, current and future infringement of the Assigned Patents, and all of Assignor's rights to collect royalties or other payments under or on account of the Assigned Patents.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks, or an equivalent officer in any jurisdiction in which an Assigned Patent may have issued, to issue any and all letters patent on said inventions to Assignee as assignee of Assignor's entire interest, and hereby covenant that Assignor has full right to convey Assignor's entire interest herein assigned, and that, except as otherwise explicitly agreed and acknowledged in writing between the parties, Assignor has not executed, and will not execute, any agreements in conflict therewith.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, assigns and other legal representatives, and will be binding upon Assignor and its successors, assigns and other legal representatives.
