PATENT ASSIGNMENT

This Agreement is made this 21st day of October 2020 by and between Mutha Pearl LLC with its principal place of business located at 70 Pine Street, #6002, NY, 10005 (the "Assignor") and Veronica Duka-Cort (the "Assignee").

WHEREAS Assignor is the sole owner of a new and useful personal grooming cart ("Invention"), disclosed in the United States Patent Applications identified below; and

WHEREAS Assignee wishes to acquire all right title and interest in the Invention, and Assignor wishes to sell, transfer such interest to the Assignee.

NOW THEREFORE in consideration of the mutual promises, covenants and warranties, and other good and valuable consideration set forth herein, the Parties agree as follows:

1. Patent Application. The Patent Application can be identified by patent application numbers 17/074,941 and 29/741,798 ("Patent Application").
2. Assignment. Assignor hereby assigns to Assignee, its successors, representatives and assigns, all right, title and interest the Patent Application and in all divisions, renewals and continuations thereof, and in all patents granted thereon, including all re-examinations, extensions and re-issues thereof. Assignor hereby grants Assignee the right to apply for and prosecute the Patent Application as the applicant and for all issued patents to be granted to Assignee.
3. Representations and Warranties. Assignor hereby represents and warrants that it has the legal right and authority to execute this Agreement, and to validly assign the entire interest in the Patent Application to Assignee. Assignor further represents and warrants that it has not executed any other agreement that would conflict with the terms of this Agreement, nor shall it execute any such agreement in the future.
4. Further Actions. Assignor hereby agrees to execute any further agreements and to take any further actions necessary to aid Assignee in perfecting its interest in the Patent Application and any patent granted thereon, and in enforcing any protections or privileges deriving from the Patent Application of patent issued thereon.
5. Governing Law. This Agreement shall be construed in accordance with, and governed in all respects by, the laws of the State of New York, without regard to conflicts of laws principles.
6. Counterparts. This Agreement may be executed in several counterparts, each of which shall constitute an original and all of which, when taken together shall constitute one agreement.
7. Severability. If any part or parts of this Agreement shall be held unenforceable for any reason, the remainder of this Agreement shall continue in full force and effect. If any provision of this Agreement is deemed invalid or unenforceable by any court of competent jurisdiction, and if limiting such provision would make the provision valid, then such provision shall be deemed to be construed as so limited.
8. Notice. Any notice required or otherwise given pursuant to this Agreement shall be in writing and mailed certified return receipt requested, postage prepaid, or delivered by overnight delivery service, addressed to the Parties at their above written addresses, which may be amended from time to time.

9. Headings. The headings for section herein are for convenience only and shall not affect the meaning of the provisions of this Agreement.
11. Entire Agreement. This Agreement constitutes the entire agreement between Assignor and Assignee, and supersedes any prior understanding or representation of any kind preceding the date of this Agreement. There are no other promises, conditions, understandings or other agreements, whether oral or written, relating to the subject matter of this Agreement.

IN WITNESS WHEREOF the Parties have caused this Agreement to be executed as of the date first written above.
