ASSIGNMENT AGREEMENT

This Assignment Agreement (the "Agreement") is entered into by and between Anthony David Gallagher (the "Assignor"), and The Gallagher Company Limited (the "Assignee"), an Ohio Limited Liability Company as of January 19, 2022 ("Effective Date"). Assignor and Assignee may be referred to herein collectively as the "Parties."

WHEREAS, the Assignor wishes to transfer and assign to the Assignee all of the Assignor's right, title, and interest in and to, and obligations under, the U.S. Patent registered as US 10,808,870 B2 (the "Patent"), and the Assignee wishes to be the assignee and transferee of such rights, title, interest, and obligations;

NOW, THEREFORE, the Parties hereto, intending to be legally bound, do hereby agree as follows:

1. Assignment and Assumption. The Assignor hereby sells, grants, conveys, transfers, and assigns to the Assignee, its subsidiaries, successors, assigns, and licensees forever, all of the Assignor's right, title, and interest in and to the Patent, of whatever kind or nature, and the Assignee hereby assumes and agrees to perform all obligations, duties, liabilities, and commitments of the Assignor relating to the Patent, of whatever kind or nature.

2. Consideration. In consideration of this assignment, Assignor has received an amount of \$100 in exchange for providing Assignee with the right, title, and interest in and to the Patent, as outlined in Term 1 "Assignment and Assumption" above. Payment has been made as of the effective date of this Agreement. The Parties hereby agree to and confirm the sufficiency of the consideration for this Agreement, as laid out in this term, irrespective of any past, present, or future valuations places on the right, title, and interest in and to the Patent.

3. Effectiveness. This Agreement shall be effective as of the Effective Date set forth above.

4. Reps and Warranties; Indemnity. Assignor represents and warrants that: (i) Assignor has the full power, authority, and legal right to enter into and grant the rights in this Agreement and there are no claims, facts, or circumstances, existing or pending which would either prevent Assignor's full performance of its obligations or might adversely affect Assignee's rights hereunder; (ii) Assignor shall comply with all applicable laws, statutes, ordinances, rules, regulations and requirements of all applicable governmental agencies and regulatory bodies. Assignor shall indemnify, defend, and hold harmless Assignee and its subsidiaries, successors, assigns, and licensees from and against any claims, liabilities, loss, damages, debts, costs, and expenses (including reasonable outside attorney's fees and costs) arising out of or relating to any breach or alleged breach of Assignor's representations and warranties herein.

5. Governing Law; Binding Effect; Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Ohio applicable to contracts made and performed in such state without giving effect to the choice of law principles of such state that would require or permit the application of the laws of another jurisdiction. The Parties hereto submit and consent to the exclusive jurisdiction of any state or federal court empowered to enforce this letter agreement located in Cleveland, Ohio and waive any objection thereto on the basis of personal jurisdiction or venue.

6. Attorneys' Fees; Remedies. The prevailing party in any action taken to enforce this Agreement shall be awarded attorneys' fees and costs, in addition to any other relief to which it may be entitled. Notwithstanding the foregoing, in no event shall Assignor seek or have the right to injunctive or other equitable relief, or to rescind this Agreement or the rights granted herein, or to restrain in any manner the production, distribution, exhibition, advertising, or any other exploitation of the Patent or any subsidiary or ancillary rights in connection therewith.

7. Entire Agreement. This Agreement shall constitute the entire understanding of the Parties with respect to the subject matter hereof, superseding all prior and contemporaneous promises, agreements, and understandings, whether written or oral, pertaining thereto and cannot be modified except by a written instrument signed by both Parties.

8. Survival. Those rights and obligations which by their very nature are intended to survive termination or expiration of this Agreement shall survive.

9. Severability. The invalidity or unenforceability of any provision or provisions of this Agreement shall not affect the validity or enforceability of any other provision of the Agreement, which shall remain in full force and effect.

10. Further Assignment. Assignee shall have the right at any time to further assign, license, or delegate this Agreement, in whole or in part, including, without limitation, any of Assignee's rights hereunder, to any person or entity, including, without limitation, in connection with the development, production, distribution and/or exploitation of the Patent, as and if necessary.

11. Counterparts. This Agreement may be executed in one or more counterparts, including facsimile or scanned counterparts, each of which shall be deemed to be an original copy of this Agreement, and all of which, when taken together, shall be deemed to constitute one and the same agreement.
